Digital Technologies for Sustainable Futures Chiara Certomà,Fabio Iapaolo,Federico Martellozzo,2024-08-01 This book critically examines the interplay between digitalization and sustainability

Amid escalating environmental crises some of which are now irreversible there is a noticeable commitment within both international and domestic policy agendas to employ digital technologies in pursuit of sustainability goals This collection gathers a multitude of voices interrogating the premise that increased digitalization automatically contributes to greater sustainability By exploring the planetary links underpinning the global digital economy the book exposes the extractive logics ingrained within digital capitalism and introduces alternatives like digital degrowth and the circular economy as viable sustainable paths for the digital era Through a combination of theoretical reflections and detailed contextual analyses from Italy New Zealand and the UK including initiatives in participatory planning and technology co design it articulates the dual role of digital technology its potential to support socio economic and environmental sustainability while also generating conflicts and impasses that undermine these very objectives Offering fresh insights into power disparities exclusionary tactics and systemic injustices that digital solutionism fails to address this volume also serves as a reminder that sustainability extends beyond climate related issues underscoring the inseparability of environmental discourse from wider social justice considerations Aimed at a diverse readership this volume will prove valuable for students researchers and practitioners across various fields including Geography Urban Studies Sustainability Studies Environmental Media Studies Critical AI Studies Innovation Studies and the Digital Humanities

Mastering AI Jeremy Kahn, 2024-08-01 An urgent book on generative artificial intelligence exploring the risk and benefits looming in this seminal moment Easily the best exploration to date on the perils and promise of AI ASHLEE VANCE author of When the Heavens Went on Sale Mastering AI is a must read It s hard to put down BETHANY McLEAN coauthor of The Smartest Guys in the Room and The Big Fail A timely and urgent exploration of AI s dizzying acceleration BRAD STONE author of The Everything Store The debut of ChatGPT on November 30th was a watershed moment in the history of technology We stand on the threshold of a new age one where content of all kinds even software itself will be conjured seemingly from thin air with simple conversation In a culture fraught with misinformation Mastering AI pierces through the thicket of exaggerated claims explaining how we arrived at this moment and mapping the likely long term impacts on business economics culture and society this potent technology will have This book will serve as a guide to those dangers as well as highlighting the technology s transformative potential and will pinpoint concrete steps that should be taken to regulate generative AI

Financial Information Analysis Philip O'Regan, 2025-08-01 Accounting information is one of the most vital and important sources of information in the modern world Those who understand this and can analyse its context and content have the power to influence key decision making processes Philip O'Regan s authoritative and important textbook provides readers with the tools and techniques to analyse accounting information and present it in a manner that is clear focused and valuable Updated to reflect changes in IFRS governance codes and regulatory frameworks as well as new sustainability reporting rules the text sheds light on the role of accounting information in modern society and the many ways in which it can be used by a variety of

particolare su quelle particolarmente critiche proprio dal punto di vista etico e sociale delle applicazioni in medicina illustrando i tentativi in corso per affrontarle

Apple Watch Steffen Bien, 2024 **Apple Watch Handbuch - Aktuell zu watchOS 2** Michael Krimmer, 2015-05-11

Nach dem iPhone und dem iPad schickt sich Apple mit der Apple Watch an einen weiteren Bereich von Grund auf zu revolutionieren. Vorbei sind die Zeiten, in denen man sein iPhone umständlich aus der Tasche kramen muss, wenn beispielsweise eine E-Mail ankommt und man deren Inhalt sehen will. Diese Inhalte werden künftig ganz bequem am Handgelenk angezeigt. Ebenso verhält es sich mit vielen anderen Informationen, die man bisher zwingend am Display seines iPhones anschauen musste. Und selbst die Eingabe von Informationen ist trotz fehlender Tastatur: Siri sei Dank ganz einfach möglich. Sprechen Sie beispielsweise eine Notiz in die Apple Watch und schon wandelt die entsprechende App das Gesagte in den Notiztext um. In der Tat: Die Apple Watch ist durchaus in der Lage, die Art und Weise, wie wir ab sofort Informationen empfangen und versenden, zu revolutionieren. Und wie so oft erschließen sich gewisse Dinge nicht auf Anhieb von alleine. Gut, wenn man dazu einen Ratgeber hat, der über alle wichtigen Details informiert. In diesem Handbuch zur Apple Watch finden Sie all diese Informationen. Von IT-Journalist und Apple-Profi Michael Krimmer fundiert und gut verständlich beschrieben. Sie erfahren, welche Modelle der Apple Watch es gibt und wie sie sich unterscheiden. Der Autor zeigt detailliert, wie Sie das Gerät mit Ihrem iPhone verbinden, welche Bedienelemente es gibt und wie Sie das Gerät am besten bedienen. Es werden alle vorinstallierten Apps vorgestellt und selbstverständlich können mit weiteren Apps aus dem eigens für die Apple Watch geschaffenen App Store eine Vielzahl an neuen Funktionen nachinstalliert werden. Ein weiterer Schwerpunkt wird der Aspekt Sport sein. Verfolgen Sie mit Hilfe der Apple Watch Ihre Aktivitäten und optimieren Sie Ihren Trainingszustand. Und noch eine gute Nachricht: Sie werden sich wundern, wie viele bereits bekannte Apps schon ein Update für die Apple Watch erfahren haben. Zwei Beispiele: gefällig? Evernote und 1Password sind bereits seit Verkaufsstart der Apple Watch bereit für das neue Gadget. All diese Inhalte finden Sie gewohnt fachlich fundiert, aber doch locker und leicht verständlich beschrieben in diesem Buch. Wir wünschen Ihnen schon jetzt viel Spaß mit dem neuesten Spross der Apple-Familie. Diese Anleitung wird dafür sorgen, dass Sie das Gerät auch effektiv nutzen können und die Apple Watch mehr ist als nur eine Uhr mit Display.
