threats facing incumbent processes and businesses and how innovative thinking can be used as a disruptive weapon to attack incumbents and create effective new fintech models How many fintech innovations will be constructed by re arranging or repurposing existing core processes In this insightful book author James Deitch CPA CMB argues that some of today's high flying fintech innovators will flourish but many may perish as the fire of innovation consumes those fintechs that are slow to monetize their promises

Talking to Canadians Rick Mercer, 2021-11-02 Canada's beloved comic genius tells his own story for the first time What is Rick Mercer going to do now That was the question on everyone's lips when the beloved comedian retired his hugely successful TV show after 15 seasons and at the peak of its popularity The answer came not long after when he roared back in a new role as stand up comedian playing to sold out houses wherever he appeared And then Covid 19 struck And his legions of fans began asking again What is Rick Mercer going to do now Well for one thing he's been writing a comic masterpiece For the first time this most private of public figures has turned the spotlight on himself in a memoir that's as revealing as it is hilarious In riveting anecdotal style Rick charts his rise from highly unpromising schoolboy Rick still owes 15 dollars to the chocolate bar fundraiser was one of the less brutal items on a typical report to heights of TV fame by way of an amazing break as a teenager when his one man show Show Me the Button I'll Push It Or Charles Lynch Must Die became an overnight sensation thanks in part to a bizarre ambush by its target Charles Lynch himself That's one story you won't soon forget and this book is full of them There's the tale of how little Rick stole a tree from the neighbours that's set to become a new Christmas classic There's Rick the aspiring actor hitting the road as a new young punk in a vanload of hippies and appearing on stage in Shakespeare and a wealth of behind scenes revelations about This Hour Has 22 Minutes Made in Canada Talking to Americans and the coming of the mega hit Rick Mercer Report It's a life so packed with incident and laughter we can only hope that a future answer to What is Rick Mercer going to do now is Write volume two

The Belt and Road Initiative and Australian Mainstream Media Jon Yuan Jiang, 2024-04-01 This book focuses on Australian mainstream media narratives about the Belt and Road Initiative BRI from 2013 to 2020 Set against the background of Sino Australian relations and taking into account the different media systems of China and Australia this book also critically investigates the Chinese public diplomacy narratives of the BRI Drawing on my analysis and semi structured interviews with prominent experts in this area the book addresses an important but under explored question how have Australian mainstream media narratives portrayed the BRI of the Chinese Government from 2013 to 2020 This book fills a gap regarding the portrayal of the BRI in Australian mainstream media and provides new insights into the reasons for narrative shifts in the coverage of the BRI More concretely the book finds that the public diplomacy narratives of the BRI were not explained well by Chinese officials thus allowing Australian journalists and commentators to project their own negative fearful narratives of China onto the BRI project particularly from 2017 onwards More importantly this book argues that the Australian Federal Government's policy towards China had a significant impact on the Australian media's coverage of the BRI

that the media clearly followed the Australian Federal Government's lead and not vice versa. Thus in many ways Australian mainstream media narratives of the BRI have had a similar outcome as China's ostensibly much more restrictive and propagandistic state-dominated media system. Noticeably, this book not only has academic significance in the international research community but also holds practical importance in the real world, benefiting Australian business leaders, media professionals, think tank specialists, and policymakers.
