Drive the System: Flip Forward Colton Marshnew (C-Mars), 2025-04-25. The automotive game has changed. Yesterday's good advice is today's vice. This book is going to teach you to zoom out and come to terms with how you see and pay for transportation. The best part? You'll discover that peace of mind and joy are actually not that expensive when you play within the rules but not the illusions that look like rules. What if your lease could pay you back? Most drivers return their leased vehicle and walk away with nothing. Some even pay penalties. But what if you could flip your lease for profit and drive a better vehicle under warranty every time? Welcome to the Flip Forward system. In *Drive the System: Flip Forward*, Colton Marshnew shares the exact strategy he's used to turn leasing into a winning cycle, driving fully loaded vehicles while coming out ahead. No gimmicks. No gurus. Just real numbers and a smarter way to think about driving. This isn't another buy used and pray book. This is a modern plan for people who want a predictable monthly payment with no surprise repairs. A vehicle they're actually proud to drive. A strategy that builds equity, not debt. A way to beat the dealership at their own game. Whether you're on your first lease or your fifth, this guide will show you how to use the Flip Forecast Formula to calculate your profit window. Spot the best time to sell before the dealership does. Avoid traps like mileage penalties and warranty gaps. Roll your equity into your next lease and lower your cost to drive. No fluff. No finance degree required. Just a system that works. If you've ever
