Scott Granneman introduces every leading component individually and shows exactly how to make them work together for you, on the web or by integrating them with your favorite desktop apps. You'll find practical insights on Google Apps email, calendaring, contacts, wikis, word processing, spreadsheets, presentations, video, and even Google's new web browser, Chrome. And drawing on his extensive experience helping companies move to Google Apps, Granneman presents tips and tricks you simply won't find anywhere else. Coverage includes: Choosing the right edition of Google Apps for you; Setting up Google Apps so it will be easier to use and manage; Migrating your email, contacts, and calendars to Google Apps; Administering and securing Google Apps; Integrating Google Apps with other software and services; Leveraging Google Sites to collaborate across teams, organizations, or the entire world; Making the most of Google Talk voice calls and instant messaging; Implementing Google's office productivity tools including Docs, Spreadsheets, and Presentations; Using policy management and message recovery to control and secure your messaging; Customizing efficient Google Apps Start Pages for you and your colleagues; Sharing important and useful videos with your colleagues; Maximizing the innovative features of Google's new web browser, Chrome.
