Forgotten Disney Kathy Merlock Jackson, Carl H. Sederholm, Mark I. West, 2023-06-19 This work demonstrates that not everything that Disney touched turned to gold In its first 100 years the company had major successes that transformed filmmaking and culture but it also had its share of unfinished projects unmet expectations and box office misses Some works failed but nevertheless led to other more stunning and lucrative ones others shed light on periods when the Disney Company was struggling to establish or re establish its brand In addition many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems By exploring the studio's missteps this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits With essays by writers from across the globe it also asserts that what endures or is forgotten varies from person to person place to place or generation to generation What one dismisses someone else recalls with deep fondness as a magical Disney memory

is radically different than in 2015 COVID 19 threats of a new cold war with China Russia's invasion of Ukraine and the reemergence of strong man politics around the world An essential volume for this new critical juncture in Asian American history *Techno Orientalism 2.0* catalogs intersectional dialogue with discourses such as Afrofuturism Indigenous futurities environmentalism and disability studies It also engages with recent high profile and lesser known works of Asian and Asian American speculative fiction film television anime art music journalism architecture state sponsored policies and infrastructural projects and the now dominant China Panic *Analyse, Ideate and Grow* Vanessa Ratten, 2022-04-27 This book explores that in order to survive in the current dynamic and changing business environment individuals need to analyse and ideate This book provides analysis on this process involving investigating how and why changes take place and what they mean for society This book takes into account altering environmental conditions that influence business strategy Further to do a proper analysis takes time and skill thus it is important to know what resources and expertise is required This book shows that the ideation process involves more creativity in terms of thinking outside the box This involves new thought processes about emerging technological change that will influence business directions This book states that ideation is a process that requires some degree of flexibility as market circumstances mean constant innovation is required *A Hero in All of Us?* Stephen Clouse, Aaron Kushner, 2024-08-26 Is heroism possible for everyone Should it be What kinds of stories do we tell when we talk about heroes and what do these stories reveal about how we view ourselves This book takes up these questions and more by reflecting on twenty first century American television shows Among the shows examined are *Only Murders in the Building* *Game of Thrones* *The Good Lord Bird* *The Boys* and *Severance* What we find is an entertainment landscape unsure about what a hero is or even what qualifies as heroic In a nation uncertain about heroism we see a dramatic rise in the popularity of the anti hero and even in worlds without heroes This fragmented variety highlights how the American political mind is similarly fragmented in what it believes are its highest aspirations and its deepest anxieties It is this fragmentation that may help us understand why twenty first century entertainment has elevated the heroic to the supernatural while simultaneously democratizing heroism to the point where anyone may become one *A Hero in All of Us* *Heroism and American Political Thought as Seen on TV* explores this multifaceted landscape to better understand how Americans view their heroes and themselves *Pivoting and Producing for Online TV* Alexa Scarlata, 2025-05-02 The introduction and diffusion of international subscription video on demand SVOD services in the 2010s represented the most significant disruption of established national broadcast and pay TV ecologies in their long history Using an in depth Australian case study this book narrates this profound period of proliferation It also considers how incumbent commercial networks pay TV providers and public service broadcasters developed into online TV providers albeit in assorted ways In so doing it conceives of the early impact of online TV 2015 2020 more broadly and acknowledges the role of both new and old TV players The industry wide shift towards online TV over this period also impacted existing television drama production

cultures SVOD services provided a fruitful avenue for the distribution of existing archives and slowly began to support the production of new Australian content with an increasingly global focus However the formal arrival of online TV certainly did not usher in the boom in original local television drama many anticipated Pivoting and Producing for Online TV Australia s Transition advances the macro analysis of television production strategies This book will be useful to students and researchers interested in media film and cultural studies
