*Full-Length Portraits* Michelle Perkins, 2015-06-22 It's the portrait photographer's job to create a flattering perhaps idealized likeness of the subject in front of his or her lens. There are countless things to consider both technically and artistically in order to make that happen. One thing is for certain: The more you show in the portrait, the more of the body that you will need to carefully position and refine. Nowhere is this more true than when photographing a full-length subject. Every part of the body, from the hair to the tips of the toes, must be posed, clothed, lighted, and shaded in order to look its best. The truth is, most photographers have trouble with conceptualizing and carrying out their client's full-length poses. They have their clients strike a pose and try to envision how to make it look natural, comfortable, and photogenic. Unfortunately, their attempts often result in a stiff, unflattering, flat, or just plain awkward presentation. This visual sourcebook features a wide range of full-length poses designed for men, women, teens, kids, and groups in the studio and on location. Photographers will find examples of poses for subjects of all ages that work perfectly for any portrait style, from reserved to edgy and fashion forward. In seated, standing, and reclining presentations. Featuring studio and location, indoor and outdoor portraits from twenty heralded portrait pros, this book will allow photographers to find a pose to re-create with their client, and adventurous shooters can use a sample portrait as a springboard for a new pose they conceptualize to suit their unique client or one of a kind portrait concept.

Complete with text on posing basics, this book is an indispensable resource that you'll turn to over and over again. *The World's Top Wedding Photographers* Bill Hurter, 2015-03-17 The material in this book is the result of asking each of the 10 photographers a series of 14 questions carefully designed to get to the heart of the matters of creativity and profitability. As each profiled photographer has a distinctive style, background, and personality, the resulting answers will engage, inspire, and educate readers on all aspects of the task of creating stand-out imagery in a field in which only the best survive and thrive.

*Photograph Couples* Tiffany Wayne, 2014-08-18 Wedding and portrait photography is a vast segment of the professional portrait industry. Those who cater to this demographic know that photographing couples during a very exciting period in their lives demands a unique skill set. These sessions are done when emotions are high, in a wide range of locations, and under a staggering array of conditions. Still, the photographer must wrangle all of the variables to create images that flatter the subjects AND tell the story of their relationship. In this book, Tiffany Wayne presents 60 high-caliber images, each paired with gorgeous alternate poses and detailed text showing readers how each image was conceived and orchestrated to flatter the couple and show their unique relationship to best effect. In 60 two-page spreads, readers will get a behind-the-scenes look at how the image came together. Wayne discusses her intent for each image, then shows the steps used to carry out her artistic vision, from positioning the individual subjects to creating a physical bond and eliciting emotion. Also detailed are the compositional choices that were made to reinforce and strengthen the portrait presentation. In the first part of the book, Wayne showcases engagement portraits, images made under more relaxed conditions when the pace of the day is not as hectic as it will be on the wedding day. In the second part of the book, Wayne turns her attention to wedding portraits of the

couple With the fresh modern feel of Tiffany Wayne s images and her casual seemingly effortless yet perfect posing approach readers will find much to emulate in this book **The Complete Guide to Professional Wedding Photography** Damien Lovegrove,2012-12-06 World class wedding photographer shares his simple yet powerful recipe for creating a strong style and a profitable business **The Knot Complete Guide to Weddings** Carley Roney,The Editors of TheKnot.com,2012-12-18 From the 1 wedding website this completely revised and updated edition of the classic wedding planning bible answers all of your questions with all the latest information and tools a bride could want Overwhelmed by the countless questions and details your wedding entails Don t despair The Knot Complete Guide to Weddings takes you step by step from your engagement to the big day from the reception to the honeymoon Inside you ll find checklists worksheets insider advice and in depth sections on How to personalize your wedding Updated wedding etiquette Creating a realistic budget Sneaky cost cutting tips Dress shopping advice Tips for working with florists caterers officiants and others Invitation wording Vows and ceremony details Unique Wedding customs Plus all new sections on Planning Online and Destination Weddings and a color coded section with over 100 vibrant photographs **The Speedlight Studio** Michael Mowbray,2014-12-22 In this book Michael Mowbray shows readers how to set up a completely speedlight based portrait photography studio He goes in depth regarding gear and techniques providing photographers with scores of example portraits and lighting diagrams to make it easy to follow along and replicate the portrait lighting effects that he shows Readers will learn about selecting speedlights Mowbray covers Canon Nikon and third party units learning standard operations and working with the units on the camera s hot shoe a connectivity device on top of the camera or in the periphery for more flexible controllable results Readers will learn why modifying the light from speedlights will produce a lot more bang for their buck and will also discover a host of tools commercial and DIY that can be used to change the direction color and quality of light for the ultimate artistic control **Pricing Your Portraits** ,2015-04-20 Portrait photographers agree that one of the most important yet shrouded aspects of running a successful business is accurately pricing your products for profit Some charge too little then scramble to photograph and edit photos for throngs of clients only to become overwhelmed and burn out Others price too low initially just to get people in the door but soon mark up their prices and lose clients to new photographers who charge rock bottom prices There are still others who price themselves out of the game right out of the gate Jeff Smith owner of two thriving portrait studios teaches you how to tackle one of photography s most vexing problems working out a pricing structure that allows you to cover your costs and clear a profit that you can live comfortably with Smith begins by showing you methods that he and countless other pros have used in a misguided attempt to reap a great cash flow helping you avoid time and revenue burning missteps Next he walks you through the process of figuring out where your money goes How much should you shell out for new equipment What falls into the category of overhead How much do you need to pay your staff and yourself and then moves on to show ways to cut costs price individual prints and packages maintain your desired business volume retain
