eighteenth century Byron's Don Juan in the early nineteenth century was an important influence on many later examples. Since its first surge in popularity during the Victorian era it has never died out though some fine examples most of them from the earlier twentieth century have been neglected or forgotten. Suicide by Security Blanket, and Other Stories from the Child Psychiatry Emergency Service Laura M. Prager M.D., Abigail Louise Donovan M.D., 2012-07-06 This book offers a unique glimpse into the startlingly complex world of acute children's psychiatry through 12 chapters each inspired by the actual visit of a child in psychiatric crisis to one of the most well known psychiatric emergency rooms in the nation. *Suicide by Security Blanket and Other Stories from the Child Psychiatry Emergency Service* What Happens to Children with Acute Mental Illness takes the reader inside the child psychiatry emergency room at Massachusetts General Hospital MGH in Boston. Each chapter highlights both the child's dilemma and the doctor's thought processes and stresses the elements of rapid assessment. The real life patient stories also offer myriad teaching points about child development and the warning signs of illness and provide compelling lessons regarding types of interactions with school systems, health care systems and family systems. Each individual story presents the breadth and depth of the child psychiatric emergency evaluation at MGH from initial assessment to disposition presenting a genuine glimpse into the children's psychiatric emergency room at one of the nation's most famous psychiatric departments. This book demonstrates vividly how even the best intentioned communities can fail to offer services to their neediest families. Each story presents a fascinating glimpse into the complex and sometimes tragic world of child psychiatry on the front lines.
