In a Moment's Time Dave Borland, 2012-11 Chance the key word that describes much of what happens to Hugh Sloan in a week that changes his life forever His doctor discovers a black spot at the base of his brain during an annual physical and diagnoses a brain tumor in a very difficult location As he walks about his hometown of Pittsburgh thinking about how he may have to plan his life in months rather than years he meets by chance Peggy Burns a woman who has a profound affect on him at this crucial time Later he seeks solace in his favorite sanctuary Heinz Chapel where a minister the Reverend Kenneth Strong introduces himself and appears to take a keen interest in Hugh's spiritual needs because of his medical crisis The most dramatic chance occurrence is when Hugh discovers a letter disclosing a secret hidden for thirty years related to his brother's death The letter exposes the real reason behind Reverend Strong's intense interest in him As Hugh anxiously awaits a definitive biopsy he struggles with confronting the Reverend with his discovery Whatever he decides will impact both men forever

Hegel: Faith and Knowledge G.W.F. Hegel, 1988-03-04 As the title indicates *Faith and Knowledge* deals with the relation between religious faith and cognitive beliefs between the truth of religion and the truths of philosophy and science Hegel is guided by his understanding of the historical situation the individual alienated from God nature and community and he is influenced by the new philosophy of Schelling the Spinozistic Philosophy of Identity with its superb vision of the inner unity of God nature and rational man

Through a brilliant discussion of the philosophies of Kant Fichte and other luminaries of the period Hegel shows that the time has finally come to give philosophy the authentic shape it has always been trying to reach a shape in which philosophy's old conflicts with religion on the one hand and with the sciences on the other are suspended once for all This is the first English translation of this important essay Professor H S Harris offers a historical and analytic commentary to the text and Professor Cerf offers an introduction to the general reader which focuses on the concept of intellectual intuition and on the difference between authentic and inauthentic philosophy
