One Plus One Equals Trouble:

One Plus One Equals One John Archibald, 2014-06-26 We are in the midst of a revolution It is a scientific revolution built upon the tools of molecular biology with which we probe and prod the living world in ways unimaginable a few decades ago Need to track a bacterium at the root of a hospital outbreak No problem the offending germ's complete genetic profile can be obtained in 24 hours We insert human DNA into E coli bacteria to produce our insulin It is natural to look at biotechnology in the 21st century with a mix of wonder and fear But biotechnology is not as unnatural as one might think All living organisms use the same molecular processes to replicate their genetic material and the same basic code to read their genes The similarities can be seen in their DNA Here John Archibald shows how evolution has been plugging and playing with the subcellular components of life from the very beginning and continues to do so today For evidence we need look no further than the inner workings of our own cells Molecular biology has allowed us to gaze back more than three billion years revealing the microbial mergers and acquisitions that underpin the development of complex life One Plus One Equals One tells the story of how we have come to this realization and its implications

God, Creation, and Revelation Paul King Jewett, Marguerite Shuster, 1991 A theology that is real readable and relevant such is Paul Jewett's God Creation and Revelation Writing from a distinctively evangelical and Reformed viewpoint Jewett offers a general systematic introduction to these doctrines of the Christian church how we know God revelation and Scripture who God is the divine

nature what God is like the divine attributes and what God has done creation While upholding the historic Christian faith Jewett s approach to Christian teaching is uniquely neo evangelical in that he seeks to expound and clarify orthodox Christianity for twentieth century Christians Jewett purposely sets forth his systematic theology in light of scientific and social issues that confront the church in the contemporary world Throughout the book Jewett also refers to literary masterpieces and to the church s hymns giving the reader a greater appreciation for the theological treasures in our literature and our hymnody The culmination of nearly forty years of study and teaching this book adeptly balances the philosophical efforts needed in systematic theology with the biblical material in which Christian doctrines are rooted and it covers well the range of theologies from the early fathers to the Scholastics from the Reformers to liberation and feminist theologians Interspersed throughout the text are useful addenda and excursions which provide further detailed treatment of specific topics An unusual feature of God Creation and Revelation is Jewett s inclusion of eight sermons by Dr Marguerite Shuster a former student of his Believing that theology and preaching must go together Jewett has strategically placed these sermons throughout the book as creative examples of how to preach Christian doctrines **Business Euphoria** Duncan Robins,2003 In the Networked Economy organizational creativity and flexibility are imperative Accelerating commercial and social changes coupled with the compounding demands of more powerful stakeholders will obsolete many traditional rigid hierarchical organizations Networked groups of small entrepreneurial teams will be the dominant model of high performance organizations Gangs gall and gossip will power these Relational teams and destroy many others based on how they address the fundamental social needs of people to belong to have purpose and to communicate By practicing Relational Management as described in this book organizations of all types will become small entrepreneurial flexible and creative They will tap their abundant social energy to build substantial economic and social value And they may even experience Business Euphoria

The Reformed Villainess of the Village Judd Weinberg,2025-06-24 The newlywed bride Si Yue looked at the dilapidated houses and broken walls the ragged clothes that looked like the patches of the Nine Bag Elders of the Beggars Sect and the thin porridge that could be used as a mirror How could one word poor describe it Marriage by deception Stealing the dowry The Three Obediences and Four Virtues Become a slave The wicked woman sneered Dare to scheme against and bully this old woman If I don t stir up chaos in your household I ll change my surname First Round She coldly watched her emaciated mother in law wielding a broom with malicious intent toward Yang Tianhe Her two slender eyebrows arched playing out a scene of maternal love turned to hatred At night Si Yue sat on the bed under the dim moonlight one hand holding a bottle of medicinal wine the other applying it to the man lying on the bed What are you laughing at Let me tell you I m not doing this out of concern for you If something happens to you you ll be at peace but I ll not only bear the blame for being a widow but also have to take care of your good for nothing son Forget it Her harsh tone cruel words and increasing pressure on her hands made the man who had been smiling foolishly moments ago wince in pain Si Yue was satisfied with the effect Round

Two Mother Yang Xingbao opened his wet wide eyes and called out in a soft pleading voice It s stepmother good for nothing Say it again I m your stepmother Si Yue emphasized once more If the father was a fool at least the son could be a bit smarter But everyone says stepmothers are mean You wash my face wash my hair give me a bath buy me new clothes and cook delicious meals You re so kind to me you must be my real mother The child didn t notice Si Yue s face which was as black as a crow s and happily came to his conclusion The wicked woman s face was black and she glared at him with her big eyes
