Shaw,Jason B. Coe,2024-03-26 Developing Communication Skills for Veterinary Practice provides a thorough grounding in practical communication principles for client and team interactions and helps veterinarians and staff take their communication skills to the next level through self development and coaching colleagues The book describes specific evidence based techniques gives examples of their use and demonstrates how to use each skill in the clinical setting with learning activities to put into practice It covers every mode of communication including face to face virtual telephone and written communication Organized by the tasks of the clinical appointment each chapter showcases specific communication skills The book introduces a communication toolbox of 20 key communication skills which can be applied to any area of veterinary practice or veterinary career path The book Defines each communication skill demonstrates techniques and provides examples Emphasizes the importance of communicating effectively with clients and colleagues Provides a process and structure for coaching communication with colleagues Discusses client and team interactions using many methods including in person meetings telephone conversations and emails Outlines best practices for effectively communicating using technology Developing Communication Skills for Veterinary Practice is an invaluable resource for veterinary professionals at any level seeking to develop their communication skills and improve clinical outcomes Gaming Democracy Adrienne L. Massanari,2024-10-29 How play and gaming culture have mainstreamed far right ideology through social media platforms From Gamergate to the ongoing Big Lie the far right has gone mainstream In Gaming Democracy Adrienne Massanari tracks the flames of toxicity found in the far right and alt right movements as they increasingly take up oxygen in American and global society In this pathbreaking contribution to the fields of internet studies game studies and gender studies Massanari argues that Silicon Valley s emphasis on meritocracy and free speech absolutism has driven this rightward slide These ideologies have been coded into social media spaces that implicitly silence marginalized communities and subject them to rampant abuse by groups that have learned to game the ecology of platforms algorithms and attention economies While populist movements are not new phenomena such as QAnon parental rights activism and COVID denialism are uniquely of the internet with supporters demonstrating both technical acumen and an ability to use memes and play as a way of both building community and fomenting dissent Massanari explores the ways that the far right uses memetic humor and geek masculinity as tools both to create a sense of community within these leaderless groups and to obfuscate their intentions Using the lens of play and game studies as well as the concept of metagaming Gaming Democracy is a novel contribution to our understanding of online platforms and far right political activism **Challenges and Applications of Data Analytics**
