Online Joy Choice You Make Today:

The Internet of Us Michael P. Lynch, 2016-03-17 An intelligent book that struggles honestly with important questions Is the net turning us into passive knowers Is it degrading our ability to reason What can we do about this David Weinberger Los Angeles Review of Books We used to say seeing is believing now googling is believing With 24 7 access to nearly all of the world s information at our fingertips we no longer trek to the library or the encyclopedia shelf in search of answers We just open our browsers type in a few keywords and wait for the information to come to us Now firmly established as a pioneering work of modern philosophy The Internet of Us has helped revolutionize our understanding of what it means to be human in the digital age Indeed demonstrating that knowledge based on reason plays an essential role in society and that there is more to knowing than just acquiring information leading philosopher Michael P Lynch shows how our digital way of life makes us value some ways of processing information over others and thus risks distorting the greatest traits of mankind Charting a path from Plato s cave to Google Glass the result is a necessary guide on how to navigate the philosophical quagmire that is the Internet of Things
