Methodologies ,2021-02-08 We live in a society that promotes the universal process of producing knowledge and truth making as fundamental social process Such promotion of universality seems to subjugate others forms of knowing rendering them invisible unintelligible and ineligible and subsequently outside the community of knowing This has material and symbolic consequences in terms of how research informs policy and subsequent victimization of those who live and experience subjugation meted by Western truth making universalism In the words of Foucault this book is an insurrection of subterranean and clandestine knowledges in ways that provide not just an alternative process of knowledge production but affirms local knowledge as necessary in production of a just society The book looks at research as a social justice and transformational process that should speak of people s ways of live without necessarily streamlining them into numbers The book is a critically reflexive project in terms of returning processes of knowledge production to the local space rather than imagining them as entirely centred in the structure To imagine this book as reflexive exercise is to break boundaries of knowledges in ways that come to imagine how local performs global in very complicated and complex ways This book is a resurrection of local knowledges steeped in creative and imaginative reflexive methodologies that come to reorient how we come to know what we know the values and realities that mark what we know and the how of knowledge production It centres subjugated voices and knowledges as fundamental in production of knowledge Contributors include Katie Bannon Elizabeth Charles Khulood Agha Khan Dionisio Nyaga Fritz Pino and Rose Ann Torres **AI Monetization of your**

Faceless YouTube Channel Raymond Wayne,2023-10-19 Do you feel like you re falling behind in today s fast paced YouTube culture You ve probably seen people s subscription counts explode views stream in and comments overflow their videos as they made thousands of dollars using the site But here s the catch A large portion of them aren t even speaking with their own voices or revealing their identities This may seem paradoxical especially if you ve been led to believe that your unique voice and charisma are crucial to your success in the content creation industry What if however we told you that you can build a successful YouTube channel even if you don t want to be the channel s face Think of your YouTube experience if you didn t have to worry about being camera shy having the right lighting or being the center of attention The first ever faceless YouTube channel to be monetized by artificial intelligence AI Monetization of your Faceless YouTube Channel This powerful and useful manual will teach you Why with so many options for using artificial intelligence RIGHT NOW is the perfect time to launch your anonymous YouTube channel and begin making money The second most crucial step you need to take before launching an anonymous YouTube channel is How to make sure the niche you pick for your anonymous YouTube channel can make you money The most effective strategies for making money with your nameless YouTube channel How to quickly and simply employ artificial intelligence AI techniques to determine which keywords will bring in the most viewers to

your nameless YouTube channel's videos The one artificial intelligence tool you need to develop interesting video ideas for your anonymous channel The most effective artificial intelligence AI tools for writing captivating scripts for your videos How to use the greatest artificial intelligence movie maker and make videos of such excellent quality that your viewers will crave for more The ten greatest AI tools for optimizing video titles descriptions and tags to get to the top of the YouTube search results Plus a lot more Today's AI tools are the unsung heroes behind many popular channels enabling producers to stay nameless while still delivering fascinating content Reasons Why You Can't Afford to Ignore This Disruptor Adapt or perish is not an option in YouTube's ever changing environment What worked yesterday might not today as competition increases But with AI helping you out you're doing more than simply keeping up you're actually gaining ground By investigating YouTube tactics powered by AI You unlock a wealth of possibilities where your content will resonate even if there is no human face or voice attached to it and you are liberated from the constraints of conventional content development

Religion and the Subtle Body in Asia and the West Geoffrey Samuel, Jay Johnston, 2013-04-12 Subtle body practices are found particularly in Indian Indo Tibetan and East Asian societies but have become increasingly familiar in Western societies especially through the various healing and yogic techniques and exercises associated with them This book explores subtle body practices from a variety of perspectives and includes both studies of these practices in Asian and Western contexts The book discusses how subtle body practices assume a quasi material level of human existence that is intermediate between conventional concepts of body and mind Often this level is conceived of in terms of an invisible structure of channels associated with the human body through which flows of quasi material substance take place Contributors look at how subtle body concepts form the basic explanatory structure for a wide range of practices These include forms of healing modes of exercise and martial arts as well as religious practices aimed at the refinement and transformation of the human mind/body complex By highlighting how subtle body practices of many kinds have been introduced into Western societies in recent years the book explores the possibilities for new models of understanding which these concepts open up It is a useful contribution to studies on Asian Religion and Philosophy
