One Bitch Just Aint Enough:

Against All Odds Martin Texada, 2020-08-03 John is a young dude from the streets of Memphis All he wanted to do was get his hustle on stay fly and make beats But in the process he hooked up with an older chick by the name of Sheree who was fly sophisticated and mature She was everything he wasn't But somehow they still managed to get together Her trials and his tribulations happened to be the recipe to a beautiful hood love story It was hard holding him down but even in the hardest times Sheree made it look easy

Against All Odds A *Given Choice* Mary B. Blalock, 2013-02-26 Deplorable acts deprivation and hardship bring two lonely teenagers together to find love that time cannot erase miles cannot break apart nor death can cheat At the turn of the twentieth century life in the Blue Ridge Mountains of Virginia is a time of simplicity and unpretentiousness a time of endurance survival and sacrifice and for Rebecca Mason a piteous and lonely girl it is also the time of awakening In a world where frivolity has no place and foolishness no heart Rebecca struggles to provide comfort for the children at Sweet Haven Orphanage Raised under the cruel hand of Ms Ambrose Rebecca too is an orphan never having known a kind word or a soft hand and when mysterious events send fifteen year old Crip to the orphanage he easily becomes her hero Rebecca has never known a boy her own age her interaction with the opposite sex consisting of young lads and old men and the two teenagers are soon inseparable As years go by young love blossoms and it went without saying that Crip would marry her one day Crips past comes back to haunt him and in fear of being sent to prison he runs away leaving the girl he loves behind sobbing and heartbroken Finding herself alone and with child Rebecca is faced with the most difficult decision she will ever have to make and the outcome of her choice will forever change the course of her life

Spanning twenty five years *A Given Choice* is a passionate heart wrenching story of commitment and undying love

Ice on Fire Joseph Bourque, 2011-01-05 The major premise of *Ice on Fire* is that catastrophic terrorist activity need not be as dramatic as suicide bombings or IEDs or airplanes crashing into buildings The infrastructure of any developed country is susceptible to attack by relatively innocuous means over time that no one would notice until it was too late In this novel Dave Blanchard a structural engineer is dealing with the first manifestations of such a plot on a structure that represents the dream project he has been working toward all his life and which is on the verge of completion That project is a megafloat in the form of a floating airport intended to replace Lindbergh Field in San Diego Dave's structure also represents the completion of an idea originated in 1914 by a visionary named Edward Armstrong Note In the real world floating airports have been proposed for several cities around the world including San Diego More than a decade ago the city of Tokyo actually built a smaller scale megafloat and tested it with twin engine aircraft The tests were successful In his struggle to discover the nature and the causes of the problem with his structure he sets off a series of confrontations with the perpetrators that force him to make choices between saving his dream project and saving his girl friend Nancy whom the evildoers have kidnapped The question is whether Dave can succeed in saving either or both through a series of traumatic episodes in which Dave is required to

exercise the moral and physical courage to face the worst that desperate terrorists can throw at him **Block Legend**
