“One Step Beyond the Hero” Giorgio Mariani ,2025-03-26 The essays collected in this volume were written over the last twenty or so years and were all originally published with one exception in a variety of journals and edited collections The topics covered range from contemporary Native American literature to war literature and cinema from the revisionist Western film to the prose of Ralph Waldo Emerson and other writers who struggled to think of peace as something different from the peace that can be safeguarded by an unending preparedness for war As a whole this book attempts to gauge to what extent both film and narrative can point in the direction of that one step beyond the hero which Emerson in his early years saw as necessary to becoming true peace fighters Though One Step Beyond the Hero shows how difficult it is to imagine let alone realize a world free of violence brutality and coercion its goal is not to undermine the Utopian desire for a non violent future On the contrary by calling attention to how writers and filmmakers deal with both violence and war this study engages in a critical scrutiny of culture based on the notion that peace should be another word for justice *Terror Television* John Kenneth Muir,2013-02-25 Although horror shows on television are popular in the 1990s thanks to the success of Chris Carter s The X Files such has not always been the case Creators Rod Serling Dan Curtis William Castle Quinn Martin John Newland George Romero Stephen King David Lynch Wes Craven Sam Raimi Aaron Spelling and others have toiled to bring the horror genre to American living rooms for years This large scale reference book documents an entire genre from the dawn of modern horror television with the watershed Serling anthology Night Gallery 1970 a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube through more than 30 programs including those of the 1998 1999 season Complete histories critical reception episode guides cast crew and guest star information as well as series reviews are included along with footnotes a lengthy bibliography and an in depth index From Kolchak The Night Stalker to Millennium from The Evil Touch to Buffy the Vampire Slayer and Twin Peaks Terror Television is a detailed reference guide to three decades of frightening television programs both memorable and obscure *One Step Beyond Socrates...* Sky,2006-07 The famous philosopher Socrates said Know thyself Sky pushes people beyond this philosophy to not
