Intelligent Systems and Applications Kohei Arai,2024-07-31 This volume is a collection of meticulously crafted insightful

and state of the art papers presented at the Intelligent Systems Conference 2024 held in Amsterdam The Netherlands on 5-6 September 2024. The conference received an overwhelming response with a total of 535 submissions. After a rigorous double-blind peer review process, 181 papers were selected for presentation. These papers span a wide range of scientific topics including Artificial Intelligence, Computer Vision, Robotics, Intelligent Systems, and more. We hope that readers find this volume both interesting and valuable. Furthermore, we expect that the conference and its proceedings will inspire further research and technological advancements in these critical areas of study. Thank you for engaging with this collection of works from the Intelligent Systems Conference 2024. Your interest and support contribute significantly to the ongoing progress and innovation in the field of intelligent systems.
