Godstruck Kelsey Osgood, 2025-04-08 A candid thought provoking exploration of contemporary women's experiences of religious conversion

and the relationship between faith and fulfillment in our time Religious involvement has been declining in the West for decades and though men have historically outnumbered women among the disaffiliated in the U S a greater share of the young adults leaving religion today are women A young secular Kelsey Osgood would have been surprised to hear that she would be among those moving in the opposite direction And yet after the conversion to Orthodox Judaism that transformed her life she began to wonder about the other contemporary women who like her had been startled to find a home in organized religion In *Godstruck* she profiles six other converts some raised firmly atheist others agnostic or religious navigating independent paths to religious devotion From Angela a data driven writer and journalist who finds herself drawn to Quaker meetings to Hana whose conversion to Islam leads her halfway around the world to Christina whose Amish faith transforms her relationship to modernity these women s unexpected revelations introduce them to new and sometimes radically different ways of living Along the way Osgood charts a fascinating course through a wide range of cultural references from Saint Augustine Simone Weil and Tolstoy to desert hermits Alcoholics Anonymous and contemporary feminism to explore some of our attempts to understand and cope with the mysteries of life and the human condition Driven by a profound curiosity and anchored by intimate reporting *Godstruck* is a provocative insightful and refreshingly nuanced exploration of both the joys and the challenges of faith that reveals what these seekers can teach all of us about modern life and our own searches for meaning
