Like Nobody's Business Andrew C. Comrie, 2021-02-23 How do university finances really work From flagship public research universities to small private liberal arts colleges there are few aspects of these institutions associated with more confusion myths or lack of understanding than how they fund themselves and function in the business of higher education Using simple approachable explanations supported by clear illustrations this book takes the reader on an engaging and enlightening tour of how the money flows How does the university really pay for itself Why do tuition and fees rise so fast Why do universities lose money on research Do most donations go to athletics Grounded in hard data original analyses and the practical experience of a seasoned administrator this book provides refreshingly clear answers and comprehensive insights for anyone on or off campus who is interested in the business of the university how it earns its money how it spends it and how it all works

The SAGE Encyclopedia of Higher Education Miriam E. David, Marilyn J. Amey, 2020-05-21 The SAGE Encyclopedia of Higher Education demonstrates the impact higher education has had on global economies and universities across the world

Campus Economics Sandy Baum, Michael McPherson, 2023-02-14 An invaluable primer on the role economic reasoning plays in campus debate and decision making Campus Economics provides college and university administrators trustees and faculty with an essential understanding of how college finances actually work Sandy Baum and Michael McPherson explain the concepts needed to analyze the pros the cons and the trade offs of difficult decisions and offer a common language for discussing the many challenges confronting institutions of higher learning today from COVID 19 to funding cuts and declining enrollments Emphasizing the unique characteristics of the academic enterprise and the primacy of the institutional mission Baum and McPherson use economic concepts such as opportunity cost and decisions at the margin to facilitate conversations about how best to ensure an institution's ongoing success The problems facing higher education are more urgent than ever before but the underlying issues are the same in good times and bad Baum and McPherson give nontechnical user friendly guidance for navigating all kinds of economic conditions and draw on real world examples of campus issues to illustrate both institutional constraints and untapped opportunities Campus Economics helps faculty administrators trustees and government policymakers engage in constructive dialogue that can lead to decisions that align finite resources with the pursuit of the institutional mission

The Business of Higher Education Noam Arz, 2018-10-09 Originally published in 1995 The Business of Higher Education focuses on innovation in student financial services It looks at the area of banking function as a tool for colleges and universities and how this can be used to meet the market demand for new services It also addresses how this can be used to balance the financial aid budget The book documents just how much each colleges and universities have changed over the last decade and how each has changed given that market forces increasingly shape institutional aspirations
