Foxconned Lawrence Tabak, 2021-11-19 Powerful and resonant Foxconned is both the definitive autopsy of the Foxconn fiasco and a dire warning to communities and states nationwide When Wisconsin governor Scott Walker stood shoulder to shoulder with President Trump and Speaker of the House Paul Ryan at the White House in July 2017 they painted a glorious picture of his state s future Foxconn the enormous China based electronics firm was promising to bring TV manufacturing back to the United States with a 10 billion investment and 13 000 well paying jobs They actually were making America great again they crowed Two years later the project was in shambles Ten thousand construction workers were supposed to have been building what Trump had promised would be the eighth wonder of the world Instead land had been seized homes had been destroyed and hundreds of millions of municipal dollars had been committed for just a few hundred jobs nowhere near enough for Foxconn to earn the incentives Walker had shoveled at them In Foxconned journalist Lawrence Tabak details the full story of this utter collapse which was disturbingly inevitable As Tabak shows everything about Foxconn was a disaster But worse he reveals how the economic incentive infrastructure across the country is broken leading to waste cronyism and the steady transfer of tax revenue to corporations Tabak details every kind of financial chicanery from eminent domain abuse to good old fashioned looting all to benefit a coterie of consultants politicians and contractors With compassion and care he also reports the distressing stories of the many individuals whose lives were upended by Foxconn

Exit Interview Kristi Coulter, 2023-09-12 A candid intensely funny memoir of ambition, gender and a grueling decade inside Amazon.com from the author of *Nothing Good Can Come from This*. A unique and brilliant book. Oliver Burkeman author of *Four Thousand Weeks*. What would you sacrifice for your career? All your free time? Your sense of self-worth? Your sanity? In 2006 Kristi Coulter left her cozy but dull job for a promising new position at the fast-growing Amazon.com but she never expected the soul-crushing pressure that would come with it. In no time she found the challenge and excitement she'd been craving along with seven-day workweeks, lifeboat exercises, widespread burnout and a culture driven largely by fear. But the chase, the visibility and let's face it, the stock options proved intoxicating and so for twelve years she stayed until she no longer recognized the face in the mirror or the mission she'd signed up for. Unsparing, absurd and wickedly funny, *Exit Interview* is a rare journey inside the crucible that is Amazon. It is an intimate, surprisingly relatable look at the work life of a driven woman in a world that loves the idea of female ambition but balks at the reality.

acquisition If there's anything the recession of 2009 taught us it was the importance of investing in our customers but when was this any different So says Joseph Jaffe bestselling author of *Life After the 30 Second Spot* and *Join the Conversation* and a leading expert and thought leader on new media and social media In most businesses it costs roughly five to ten times more to acquire a new customer than it does to retain an existing one and yet companies continue to disproportionately spend their budgets into the wrong end of the funnel the mass media or awareness side What we haven't paid enough attention to is the right end of the funnel the word of mouth component that essentially acts as a multiplier for future business The economic impact of an active engaged and loyal customer is tremendous And the same is true of the opposite scenario namely the impact of angry customers and negative word of mouth or referrals It is this thinking that Jaffe has channeled to challenge marketers to flip the funnel once and for all With a renewed focus and energy on customer experience it is possible to grow your sales while decreasing your budget in other words getting more from less Engaging a few customers to spread the word to many Using this new flipped funnel model together with a set of new rules of customer service and a revolutionary customer referral and activation process you'll learn how to transform your existing customers into your best salespeople In addition Jaffe will explain how to best introduce and combine both digital and social media tools to boost your loyalty arsenal deploy influencer marketing and implement word of mouth strategies that inspire your loyal opinionated and most vocal customers to become credible persuasive and influential endorsers of your products and services Explains how to
