Sales Training Games Graham Roberts-Phelps, 2017-07-05 Selling is a skill that should not be limited to sales staff Customer service or other support staff could all benefit from developing an awareness of and an ability to sell to customers Also the opportunity for developing those skills should not be limited to sales training workshops Here at last is a mix of over 80 games exercises and ideas that can be used to develop sales customer service and other staff They range from simple skill boosters for coaching sessions or team meetings through icebreakers energizers and selling quizzes to full blown role plays and case studies The principle at the heart of all the material is that games and exercises should be generic transferable across different organizations and sales situations and that they should use an open content approach This means that participants must supply their own examples and experiences to make the material immediately and completely relevant This collection of games and exercises will enable sales managers or trainers to develop their people with confidence secure in the knowledge that all of the material has been thoroughly road tested on courses and seminars ensure a flexible approach varying their pace or style in response to the subject matter and their audience reinforce the learning using different formats of exercise to cover the same learning points train rather than talk using the material to encourage people to start using what they already know
