The rules of book marketing are changing and the traditional rules of book marketing no longer apply. A new era of marketing books is upon us: an approach in which authors are authenticity engaging their audiences. But how do you start? Today's mega success authors are no longer writers but they are entrepreneurs who expertly work a strategy which leverages the power of social media, search engine optimization, SEO, advertising, speaking, bookstore signings, and a combination of other programs that are incredibly rewarding to the author. Every author wants a roadmap or a step by step guide for a successful book launch. To book marketing professionals in large publishing houses, this is the Holy Grail so they can repeat the success of their last book launch campaign. With this system, you will no longer have the guesswork associated with which marketing programs to run for a successful launch of your book. Bryan Heathman has managed hundreds of book marketing campaigns and scientifically created a repeatable 15 week system to promote non-fiction books. Bryan's approach to book marketing in this book was inspired by running massively successful campaigns which have resulted in New York Times best sellers, Wall Street Journal best sellers, Amazon 1 best sellers. This book isn't like most marketing books which list a hundred things to do when marketing a book. This approach is distilled into a manageable system of a 15 week burst of activity which, when completed in a scheduled time frame, are proven to produce the results you desire for a successful book launch. Trust the system and eliminate the guesswork as you work towards your 1 best selling book. Secrets to Pricing and Distribution

This manual has been compiled over the course of 14 years during which we've managed the publication of more than 400 books for our self-publishing clients. It contains detailed advice based on our experience in using KDP, IngramSpark, Bowker, and numerous other self-publishing tools and services, and now we're sharing it with you. Before the Launch is your guide to understanding the important decisions you need to make and things you need to do during the book preparation process that have an impact on marketing success once your book is released. Like any good manual, our guidance is findable when you need it, and we've built in learning extensions.
