Fall Boots World Series Same Day Delivery:

Pro Football's Most Passionate Fans Harvey "Mr. Steeler" Aronson, 2012-06-08 Professional football is the most popular sport in the United States today. With so many famous players from the past and present, some of whom achieved notoriety because of a persona they created, there are fans who have also made a name for themselves by either their work and loyalty for their team or by creating an alter ego with respect to how they cheer or support their team. Some have incredibly wild and outrageous outfits. On game days, some of these diehard fans take longer to get themselves ready for games than the players they cheer for. The face paint, the outrageous outfits, the chants and cheers, and the attention to detail are what make these fans unique. During football season, these diehard fans can be seen each weekend as they showcase themselves in support of their team in front of hundreds of thousands of viewers worldwide. In 1998, Visa sponsored a national contest to find the wildest, most loyal, and most intriguing fans for each team in the league. The award was entitled The Visa Hall of Fans Award, as fans were chosen from each team based on their submitted essays and photos. Contestants had to explain why they should represent their respective team in the Pro Football Hall of Fame in Canton, Ohio. At the time, a special wing in the Hall was created to honor these diehard fans. Visa awarded plaques to the winners originally at the Hall and later in front of the hometown fans at each team's stadium. The Hall of Fame displayed the plaques for a year until the new class of fans was selected and their plaques were displayed. At that point, the prior year's winners had their names placed on a permanent wall plaque in the Hall of Fans wing of the Pro Football Hall of Fame.

The NYPD Tapes Graham A. Rayman, 2013-08-06 From the Pulitzer Prize nominated reporter, an account of a modern day Socratic's battle with an all-powerful police department, somber and inspiring. Publishers Weekly. In May 2010, NYPD officer Adrian Schoolcraft made national headlines when he released a series of secretly recorded audio tapes exposing corruption and abuse at the highest levels of the police department. But according to a lawsuit filed by Schoolcraft against the City of New York, instead of admitting mistakes and pledging reform, Schoolcraft's superiors forced him into a mental hospital in an effort to discredit the evidence. In *The NYPD Tapes*, the reporter who first broke the Schoolcraft story brings his ongoing saga up to date, revealing the rampant abuses that continue in the NYPD today, including warrantless surveillance and systemic harassment. Through this lens, he tells the broader tale of how American law enforcement has for the past thirty years been distorted by a ruthless quest for numbers in the form of CompStat, the vaunted data-driven accountability system first championed by New York police chief William Bratton and since implemented in police departments across the country. Forced to produce certain crime stats each quarter or face discipline, cops in New York and everywhere else fudged the numbers, robbing actual crime victims of justice and sweeping countless innocents into the police net. Rayman paints a terrifying picture of a system gone wild and the pitiless fate of the whistleblower who tried to stop it. A tale of crime prevention turned upside down in the Bloomberg era, Rayman has invented a new genre: the police misprocedural. Tom Robbins, New York Times bestselling author.

those fellow astronauts he worked with but also a stunning example of someone who had exactly those attributes himself
