Geoffrey Cain, 2020-03-19 Longlisted for the 2020 Financial Times McKinsey Business Book of the Year Shines an incisive and entertaining light into the secretive world of the South Korean technology giant shaping our digital lives in ways we probably can't imagine Brad Stone Can the Asian giant beat Apple Based on years of reporting on Samsung for the Economist the Wall Street Journal and Time from his base in South Korea and his countless sources inside and outside the company Geoffrey Cain offers the first deep look behind the curtains of the biggest company nobody knows How has this happened Forty years ago Samsung was a rickety Korean agricultural conglomerate that produced sugar paper and fertilizer But with the rise of the PC revolution Chairman Lee Byung-chul came up with an incredibly risky multimillion dollar plan to make Samsung a major supplier of computer chips Lee had been wowed by a young Steve Jobs who sat down with the chairman to offer his advice and Lee quickly became obsessed with creating a tech empire Today Samsung employs over 350 000 people over four

times as many as Apple and their revenues have grown 40 times their 1987 level Samsung alone now make up more than 20% of South Korea's exports and sells more smartphones than any other company in the world And furthermore they don't just make their own phones but are one of Apple's chief supplier on technology critical to the iPhone Yet their disastrous recall of the Galaxy Note 7 with numerous reports of phones spontaneously bursting into flames reveals the dangers of the company's headlong attempt to overtake Apple at any cost A sweeping insider account of the Korean's company's ongoing war against the likes of Google and Apple Samsung Rising shows how a determined and fearless Asian competitor is poised to take on the giants of the tech world

The End of Copycat China Shaun Rein, 2014-09-19 China's changing course and sustainable success requires a shift in strategy The End of Copycat China helps business executives and investors understand how China's economy is shifting from one based on heavy investment to one on services and consumption by providing insight that help shape effective strategy Drawing from over 50 000 interviews with entrepreneurs venture capitalists private equity investors private Chinese companies and multinationals this book describes how Chinese firms are increasingly focused on innovation rather than copying what worked in America and how consumers are evolving with their hopes dreams and aspirations China's growth model of the last three decades is becoming increasingly ineffective as relying on heavy investment and exports is becoming less and less feasible Fifty percent of China's growth in 2013 stemmed from consumption the government is establishing a Free Trade zone in Shanghai and ending the dominance of state owned enterprises This book provides a roadmap for companies and investors looking to navigate these changes and capture emerging trends with deep insight and practical guidance on what innovation looks like in the new China Survey the development of innovation taking place in China's economy from an insider's perspective Consider the changes that must take place to shore up the broken growth model Examine the consumer trends emerging in the midst of rapid market evolution Understand how China's rise will impact its neighbors like Japan Vietnam Indonesia and Cambodia China's dramatic shift toward consumption presents a tremendous opportunity for foreign business but traditional tactics are outdated at best financially fatal at worst as local competitors focus on innovation and move up the value chain and as consumers look for new brands and categories to spend money on New strategies are needed to keep pace with the changing regulatory and consumer environments and business as usual won't get very far The End of Copycat China is the business guide to this emerging market with expert guidance from the inside
