No Wax Delphi O. Gadfly,2022-03-31 Pythia goes down the dark rabbit hole as she reawakens the capabilities of sensing and channeling spirits as a divine medium and opening a side to herself that she had never shared before By and by she faces her convictions of inherited mishaps that she had to heal and overcome leading her to tell the tale of making it another day Pythia shares how she dives into the practitioner skills of her psychic energy tarot mysticism planet and zodiac interpretation and her bumpy dating life as she finds what makes her tick Despite her isolation from the world she finds strength in solitude Pythia finds the courage to share her visions hang ups and findings as she uncovers the practical magic that she possesses She gives a new take on life through the experiences and changes the course of her dimensions by helping others tell their story using the natal birth chart synchronicities and astrological communication that the Universe provides in front of our eyes and shows that we are all connected and it influences us all Pythia finds herself with the inner key within to help others through pain spurts of chronic illness and mental health challenges studying her own body and mind in a not so typical manner of dancing a fine line between sanity and faith Above all else a self discovery that heals the inner child and a new love for oneself perfectly made with imperfections and all without wax

Building The Life of A Woman Engineer Katherine Kehres,2021-05-04 While engineering may typically be regarded as a more male dominated industry women can absolutely find success within the vastly technical seemingly scientific and often contractual profession Katherine Kehres is just one example of a wife a mother and an engineer who maintains overwhelming satisfaction for the life she has constructed Her persistence can be credited for navigating what others might find intimidating and she sometimes considers frustrating Crafted with an aim to change the perceptions and misconceptions Building the Life of a Woman Engineer is mostly a memoir maybe a self help and hopefully an inspiration A key purpose of its design is in bringing awareness to and acceptability for engineering both as an educational pursuit and as a career field for girls to strive toward and women to thrive in Katherine details her growth resilience and dedication over the years despite originally assuming that engineering was only for men dads and nerds She accentuates how the occupation actually encompasses traits and values beyond the baseline affinity for math and science And the insight and lessons provided function as guidance for those pondering whether they or a friend or a family member could also find engineering interesting and incredibly rewarding No matter where anyone is within their own individual and unique journey the reflections on personal and professional experiences are anticipated to help everyone be less na ve and more knowledgeable Concurrently big picture ideas serve as reassurance that all are in control of building their own life

project even when it is paved with challenges and obstacles So whether you have a desire to one day find your own niche you already hold a critical role or you are simply a champion for the importance and essentiality of engineers your encouragement and camaraderie are welcomed in the engineering community *Congressional Record* United States.
