 Once wound up and released the Culturematic acts as a probe into the often alien world of contemporary culture to test the

 Super Bowl winning coach and current analyst for the NFL network takes on the 2018 draft class of quarterbacks and follows
 them for two years identifying the tangibles and intangibles of success in search of the key to better predicting who will
 make it as a top ranked NFL franchise QB There are elite athletes in every sport people who possess tangible and intangible
 qualities that allow them to overcome daunting odds spot opportunity in the midst of adversity and turn defeat into victory
 No position embodies this dynamic more than football quarterbacks and nothing is a greater test of performance than the
 NFL The tangibles metrics stats ratings bowl games championships are critical to evaluation But they're not enough Every
 year highly rated college quarterbacks are analyzed critiqued hyped up and or doubted and those who manage to survive the
 scrutiny are drafted early Some of those early picks make it to the top some end up journeymen and some just wash out Why
 What separates the elites from the pack In THE Q FACTOR former NFL coach Brian Billick takes the highly promising 2018
 NFL quarterback Draft class the most touted class since 2004 Manning Roethlisberger Rivers and 1983 Elway Kelly Marino
 and measures the top five quarterback picks to gauge how why and if they succeed They are all first rounders all with
