Taking Care of Our Minds

Our minds are like gardens that need love and care. Just like we eat fruits and vegetables to keep our bodies healthy, we also need to do things to keep our minds healthy. This is called mental health.

What are some things we can do to take care of our minds? One important thing is talking about our feelings. When we feel sad, mad, or worried, it helps to talk to someone like a family member or a teacher.

Another way to keep our minds healthy is by doing things we enjoy, like playing outside, drawing, or reading books. Taking breaks from screens and spending time with friends and family can also make us feel good inside.

Remember, it's okay to feel different emotions, and taking care of our minds is just as important as taking care of our bodies. Let's all work together to keep our minds healthy and happy!
