Populism and Professional Wrestling in the Sunbelt South Christopher L. Stacey, 2023-12-06 Populism and Professional Wrestling in the Sunbelt South From Rasslin to Sports Entertainment traces the history of professional wrestling in the South within the Trans Mississippi Region between the 1950s 1990s Examining professional

wrestling through the lens of kayfabe also known as the perception of the realism and the suspension of disbelief among fans this book discovers that the dissolution of kayfabe occurred simultaneously with significant political social and cultural events in Southern history including the Civil Rights Movement and technological and economic modernity Christopher L Stacey determines that the same political social economic and cultural forces of modernity in the Sunbelt South reflected a new form of southern and national populism embedded within the professional wrestling industry New forms of populism were reflected within characters storylines gimmicks and angles of several territories in the Trans Mississippi region Through autobiographies biographical information and shoot interviews Stacey provides a closer look into the business of professional wrestling during the mid twentieth century and how it connects to racial gender class and national identity

Explaining Research Dennis Meredith, 2021-08-03

Explaining Research is the ultimate guide for scientists, engineers, and other professionals seeking to share their life's work effectively with important lay and scientific audiences. It offers a multitude of practical communication tools and techniques for writing, giving talks, creating visuals, using social media, and publicizing research advances. Career success depends on more than conducting incisive experiments and publishing papers in top journals. Researchers must also know how to explain their work to key audiences such as colleagues, potential collaborators, officers in funding agencies, and from foundations, donors, institutional leaders, corporate partners, students, legislators, journalists, and the general public. Explaining Research is the most comprehensive guide for science and engineering communication. In this new edition, leading research communicator Dennis Meredith provides readers with the practical tools and techniques scientists and engineers need to reach their audiences effectively. The updated and expanded chapters include a wealth of insights from leading science journalists and research communicators.

Synthesis and Nullification Stefan Sonvilla-Weiss, 2012-07-26 Synthesis and Nullification is the first retrospective covering the career of Stefan Sonvilla Weiss as a visual artist, graphic designer, multimedia developer, writer, researcher, educator, and visionary conceptualist. Synthesis and Nullification is used here metaphorically as it stands for a complex and wide-ranging theoretical and practical exploration in visual culture. The book is divided into four main chapters which bundle in chronological order artwork, concept, visualizations, installations, photographs, and multimedia work. It contains numerous previously unpublished texts and artwork from the last two decades, allowing discovery of a whole universe of textual and visual material. Written for media scholars, media artists, designers, art historians, communication experts, and curators.
