 of Social Media Influencer Marketing** Kati E. Sudnick,2023-11-28 Social media influencer marketing emerged in Web 2 0
 as a new form of celebrity endorsement in which the Internet famous create word of mouth marketing for brands and
 organizations on their personal social media pages blurring the line between organic and sponsored content for their
 followers This book explores social media influencer marketing through the lens of philosophy of communication with a
 praxis centered approach Kati E Sudnick utilizes a multitude of theoretical touchstones including Christopher Lasch s
 narcissistic culture Marshall McLuhan s global village Daniel Boorstin s human pseudo event Jacques Ellul s propaganda and
 the interplay between charismatic leadership and parasocial relationships in order to consider consequences surrounding
 Hannah Arendt s social condition which appears in hyper form within social media influencer marketing as a major
 integrated marketing communication tool Sudnick applies these concepts to three major case studies surrounding Audible
 BetterHelp and Fyre Festival drawing implications and conclusions for this integrated marketing communication tactic in an

era entrenched within the banality of the social. Ultimately the author argues for a more aware and conscientious public when it comes to engaging with influencers online. Scholars of communication philosophy and media studies will find this book of particular interest.

Douyin, TikTok and China's Online Screen Industry Chunmeizi Su, 2023-09-22 TikTok has drawn attention from all over the world. Even if you have never used it before you would still be familiar with its name. Many people have assumed that it is a US generated platform and normally awed at its real origin a Chinese born and operated platform a sister or parallel platform of Douyin. Because of the short video platform TikTok and also its dispute with the US government people have started to paying attention to what is really happening and changing in China. Two questions that hang over everyone's mind seem to be why China And why TikTok. This book attempted to answer the question of why short video platforms such as TikTok the most popular made in China product of all the Chinese digital platforms became a significant competitor on the global stage. This book explores the reasons behind the rise of short video platforms in China with a focus on the sudden and unexpected success of TikTok and its parallel platform Douyin. Beginning with the historical development of China's online screen industry the book goes on to investigate the ICT industry its business models and impact on the screen industry to unfold the reasons behind the domestic popularity of Douyin. It draws on a spectrum of sources including policy documents industry reports and expert analysis which is supplemented by interviews with key people in the field. It traces the changing dynamics of the Chinese online screen ecology and shows how a mixture of technological industrial and cultural factors contributed to the proliferation of short video platforms in China. This engaging and topical book will be ideal reading for students and scholars of media and communication studies platform studies and political economy studies.

unpacks why it's so difficult sometimes even for experts to escape the fake. Whether it's science, our own desire to be good and do the right thing, or the stories and opinions of others, there's more to sussing out the truth than simply tracking down what feels like an authoritative source. Caulfield argues that these major forces—science, goodness, and opinion—drive beliefs and behaviour, but the ways that they can be corrupted or worse used to nefarious ends by bad actors are endless. While it may feel at times as though we are circling the drain of truth, especially as new technologies make it even easier to spread dangerous fictions, Caulfield pulls us out of the vortex and keeps us afloat, helping us recognize and combat the forces that threaten to pull us under.

Extremely Online Taylor Lorenz, 2023-10-03 A NATIONAL BESTSELLER Acclaimed

Washington Post reporter Taylor Lorenz presents an enlightening history of the internet, revealing how online influence and the creators who amass it have reshaped our world, online and off. For over a decade, Taylor Lorenz has been the authority on internet culture, documenting its far-reaching effects on all corners of our lives. Her reporting is serious yet entertaining and illuminates deep truths about ourselves and the lives we create online. In her debut book *Extremely Online*, she reveals how online influence came to upend the world, demolishing traditional barriers and creating whole new sectors of the economy. Lorenz shows this phenomenon to be one of the most disruptive changes in modern capitalism. By tracing how the internet has changed what we want and how we go about getting it, Lorenz unearths how social platforms power users radically altered our expectations of content, connection, purchasing, and power. Lorenz documents how moms who started blogging were among the first to monetize their personal brands online, how bored teens who began posting selfie videos reinvented fame as we know it, and how young creators on TikTok are leveraging opportunities to opt out of the traditional career pipeline. It's the real social history of the internet. Emerging seemingly out of nowhere, these shifts in how we use the internet seem easy to dismiss as fads. However, these social and economic transformations have resulted in a digital dynamic so unappreciated and insurgent that it ultimately created new approaches to work, entertainment, fame, and ambition in the 21st century. *Extremely Online* is the terrific *The New York Times* Book Review inside untold story of what we have done to the internet and what it has done to us.
