The experts at Entrepreneur deliver the startup details behind this hot opportunity and show eager entrepreneurs how to cash in on internet-savvy savers. Unlike old-school design-your-own-coupon-book titles, this book moves straight into computer technology and proceeds to the latest trend in couponing: apps which provide deals to mobile users in any location. Many daily deal businesses do not work to enhance the experience for their merchants. Readers, however, can learn how to do so. Experts in the industry are also included, such as Marc Horne, co-creator of Daily Deal Builder, who discusses what it takes to build a daily deal site; David Teichner, CEO of Yowza, who brought deal apps to iPhones; and several business owners who have tried their luck at running daily deal. They discuss what they have learned from the process. Currently, there are few, if any, other books on how to start a daily deal business, and the coupon books focus on how to use coupons and even on extreme couponing but not on running an online coupon business. This is a unique title which provides those who enjoy offering deals and discounts to get started in an industry that is still growing. **The Code of Federal Regulations of the United States of America**, 1983 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government. *How To Promote Your Business & Increase Sales* Professor Andy, 2022-12-12 December 2022 NEW and EXPANDED 2nd Edition of How to Promote Your Business Increase Sales For
