BOOK PRESENTATION The Truth of Divine Determining and Free Will Text Version Risale i Nur Treatise of Light Training Program We would like you to accompany us in this mental journey of discovery There is only one fixed price for a ticket of the Journey A strong sense of wonder in the search for truth In this book which is an explanatory work based on the 26th Word that is the Treatise of Divine Determining Qadar of Risale i Nur the issue of how to differentiate between the Divine Determining and free will is addressed and the evidences as to the fact that things could take place only with the will of Allah are dealt with In addition the questions related to the fact that Qadar does not give anybody any discomfort or strain on the contrary it provides a perfect ease of mind and convenience and to the reconciliation of the ugliness of the troubles evils that we see in the world with the fact that everything coming from Qadar is good are answered with such a proficiency that has not been witnessed in the history of Islam In this book you will see the explanations in relation to the essence of Qadar and Free Will how they could be reconciled the meaning of the belief in Qadar for human life and the evidences of the existence of Qadar Moreover you will witness the harmonious friendship of a persuasive crystal clear and fluent style with the logical inferences satisfying both mind and the heart This work is part of our source book Journey of Discovery for an Extraordinary Treasure Risale i Nur Training Program over which our Journeys of Discovery Risale i Nur Training Program is based and it is The Truth of Divine Determining and Free Will which is the Fifth Truth of the six truths in that Book s the second part called Proving the Treasury of Faith with Evidences We strongly suggest and present this book to those who regularly read Risale i Nur as well as to those who want to get some information for the first time The epilogue of our book which is entitled Your Journey Just Begins Now is also included in this work as it contains emotional striking and impressive points coming sincerely from the deepest parts of our hearts about the reading of Risale i Nur and attendance to the Risale i Nur Lectures We have to state and admit the following sincerely although we did not have any idea about what to write before explanatory notes came into the being every time without any exception we were astonished by the resultant texts and realized that we had never understood these issues this clear before While controlling the texts we had great joy and pleasure and we were reading the texts as if they were written by someone else The writings were helping us in an unexpected way in overcoming our greatest distresses giving us a strong state of faith Because what we were writing was

talking about eternal truths of faith and Quran and they were having such qualities which were having much more different than a work presented with the individual proficiency and capability of a person Therefore the beauty and the excellence of these truths must have been reflected in our word as well For sure we were pursuing an immensely difficult and tedious effort sometimes it was taking 3 5 hour to complete 1 2 pages of explanatory notes We were spending an equal amount of time for footnotes and the glossary of concepts But the feeling of joy happiness and spiritual satisfaction were exceedingly worth this effort At this stage we realized and felt the reason behind Bedi zzaman s saying I am also a student of Risale i Nur I am your classmate in learning the Teachings of Quran I am also in need of Risale i Nur And we understood that he was not trying to be humble while saying this Although we had an humble purpose of conducting to a higher level of our comprehension than the reader could get on his or her own we achieved better results than our expectations All praise is due to Allah so we praise him In deed our share is only that of praising Now if you look at our personality you may not see much value This is normal because neither could we see any What we see is just this our weakness in our distressed search our needs our sincere wishes and our actual prayers prayers supported with actions As a requirement of being a human we wanted to share what we had found and felt with those who had the same needs and who were in the same search This is what we mean when we say that we are not like a teacher who makes you sit before her and starts teaching you Maybe rather we are like a guest who himself is entreated a dining table as he is as hungry and needy as everybody and he is sincerely inviting you to this dining table Or maybe we are like a curious kid who has found the key of a magnificent and inexhaustible treasure and who wants to inform others of its existence and share it with them
