Weekly World News ,1997-04-15 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world s only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site *Cheat the Clock* Margaret Webb Pressler, 2012-12-04 Washington Post reporter Margaret Webb Pressler s husband Jim is one of those people who doesn t look his age After years of fielding questions about how he does it Pressler decided to ask the experts Her conversations with some of the world s leading experts on aging and genetics which she wrote about for the newspaper revealed a new world of research and advice about aging and what you can do to age less feel better and look better Virtually everything she uncovered dovetailed with habits that Jim had already established for himself But beyond that she found a tremendous amount of new research about how and why we age the anti aging properties of foods and supplements and the youth retaining effects of certain behaviors Cheat the Clock uses Jim Pressler as a jumping off point to examine the foremost advice and research about aging well with actionable advice for real people that they can easily incorporate into their lives on a daily basis Jim s experience is worth sharing Margaret s research showed that he is proof there are many small easy steps that people can take that make a difference in how good they feel and look over many years and that the proverbial good genes don t play as large of a role as we once thought These are not the ideals of a fitness buff or a nutrition fanatic these minor tweaks in diet exercise lifestyle and personal care are painless to

adopt and achievable for anyone but can have a big payoff over time In Margaret s engaging style *Cheat the Clock* shows the long term rewards of adopting a new regimen focused on these crucial aspects Maintaining a healthy weight Engaging in the right kind and right amount of exercise Eating an anti aging diet Getting antioxidants from food Discovering the wonders of the right dosage of Vitamin E Avoiding behaviors that age people the most Having plenty of sex Taking care of skin and teeth Adjusting attitude and lifestyle *Preventing Good People From Doing Bad Things* Brian Anderson, John Mutch, 2011-12-07 In today s turbulent technological environment it s becoming increasingly crucial for companies to know about the principle of least privilege These organizations often have the best security software money can buy with equally developed policies with which to execute them but they fail to take into account the weakest link in their implementation human nature Despite all other efforts people can sway from what they should be doing *Preventing Good People from doing Bad Things* drives that concept home to business executives auditors and IT professionals alike Instead of going through the step by step process of implementation the book points out the implications of allowing users to run with unlimited administrator rights discusses the technology and supplementation of Microsoft s Group Policy and dives into the different environments least privilege affects such as Unix and Linux servers and databases Readers will learn ways to protect virtual environments how to secure multi tenancy for the cloud information about least privilege for applications and how compliance enters the picture The book also discusses the cost advantages of preventing good people from doing bad things Each of the chapters emphasizes the need auditors business executives and IT professionals all have for least privilege and discuss in detail the tensions and solutions it takes to implement this principle Each chapter includes data from technology analysts including Forrester Gartner IDC and Burton along with analyst and industry expert quotations **Project Management Hacking** Douglas Peyton Martin, 2019-08-20 This book provides the much needed no nonsense guidance crucial for project managers that is the type of guidance that is missing from every major body of knowledge and educational offering for working project managers This very practical book identifies the activities that influence project success and focuses the limited time and energy available towards just those activities The Project Management Institute PMI and most literature on project management discusses all aspects of project management under the assumption that project managers will narrow down focus because they cannot be expected to use every process outlined by PMI to manage every project This book uses the concept of hacking our standard conventions of project management and outlines a standard path identified by conventional wisdom an evil path that project managers frequently resort to under time quality pressures and a hacker path that provides a better way to look at the challenge This book equips project managers with streamlined approaches to refocus their efforts on factors that matter while spending less time doing it Project management is a demanding discipline with a growing body of knowledge with few instructions on how to do it all The author provides humorous anecdotes and examples while teaching readers how to save time improve quality and advance their career The primary sections of the book cover how to approach

the most common certifications in project management continuing education leading project teams initiating planning executing monitoring and controlling projects general life skills and taking on additional responsibilities Hacking project management is about focusing the limited bandwidth a project manager can give a project towards the activities that drive success **The Glow Code** Michelle McIvor, 2024-06-18 Readers seeking a holistic approachable guide to approaching middle age with verve Foreword Reviews will appreciate this comprehensive and chatty guide Publishers Weekly with inspiring and practical advice to navigate aging well When I was 41 I learned how to wash my face Turns out I d been doing it wrong Hint ditch cleansing wipes This made me wonder what else I didn t know Like Cardio or weights Why can t I sleep Is there a trick to ordering good wine Or buying art I figured if I still had questions about how to adult and age like a superwoman maybe you did too The Glow Code provides all the answers you need to feel look and live better in midlife and beyond Rich in advice from top scientists psychologists makeup artists fitness and nutrition authorities and others this book offers strategies and tips for better fitness friendships sex creative practices and more And to make sure it works I ve tested it all with sometimes hilarious results Fun practical and inspiring The Glow Code is the manifesto to aging joyfully For all of you with minimum free time but maximum ambition to rock this next stage of life welcome to your cheat sheet
