Engage students in effective meaningful experiences in mathematics. Following the format of Marcia L. Tate's previous bestsellers, this user friendly guide offers math teachers 20 powerful brain-based teaching strategies that incorporate visual, auditory, kinesthetic, and tactile modalities to promote student engagement and achievement. The book focuses on the NCTM focal points and includes a bibliography of math and literature resources and a lesson planning guide. The chapters offer a what, why, and how for each strategy. Specific brain-compatible mathematics activities and lessons from real teachers across the country. Space for teachers to reflect on and apply individual strategies in their lessons.

Key Maths GCSE, 2003-04

Written to support and enhance assessment alongside the pupil texts, these resources offer a range of material for the AQA specification. They provide test questions for each chapter together with detailed mark schemes to make assessment easy. Two versions of each question are provided: one allows pupils to write their answers in the spaces provided, and the other requires pupils to have separate writing paper. Questions can be grouped according to needs. Master grids are provided to cut and paste tests together in a consistent format to use the resource in any order. Chapter tests can be grouped to form a
