So You're Thinking About Homeschooling: Second Edition Lisa Whelchel, 2009-02-19 Discover the Diversity of Homeschooling Confused and intimidated by the complexities of homeschooling many parents assume it could never work for them Now an updated edition of So You're Thinking About Home Schooling by Lisa Whelchel herself a homeschooling mother of three introduces to readers fifteen composite portraits of homeschooling families who show how every family can successfully face the unique challenges of its situation The story based approach deals with common questions of time management teaching weaknesses and outside responsibilities as well as children's age variations social and sports involvement learning disabilities and boredom Seeing a wide variety of homeschooling families in action gives parents the information and confidence they need to make their own decisions about home based education Includes a new chapter from Lisa and an all new resource guide with recommendations from real life homeschooling families

I'm Thinking About Homeschooling You're also probably thinking But can I really teach my children Where do I start What if I need to work outside the home Must I have twelve children raise goats and bake my own bread And what about socialization I could tell

you the answers to these questions but I would rather show you Beginning with my own I want to introduce you to fifteen families in fifteen unique situations who have all chosen to homeschool for different reasons using a variety of learning methods So let's rap lightly on the homeschool door and peek inside before we decide if we are ready to move in Story Behind the Book My hope is that by the end of the book and a stroll through the neighborhood you will feel more confident as you identify a family situation and teaching method that resonates with your personality and philosophy of education From there you can simply look to the end of each chapter to find a sample schedule for the homeschool day and list of curriculum suggestions for that particular teaching method Lisa

Deciding if homeschooling is right for your family just got easier with this warm entertaining information packed portrayal of its flexibility diversity triumphs and challenges Grab a cup of tea and enjoy Linda Dobson author of *The First Year of Homeschooling Your Child*

Professional Criteria BDA 2012 provides an anchor throughout for this book's content. Chapters are explicitly mapped to specific professional criteria offering the reader confidence that guidance in *Key Perspectives on Dyslexia* is underpinned by this internationally recognised professional framework. Key issues in the education and care of those affected by dyslexia are critically explained and explored in this publication using both author's years of specialist experience in this field. As established scholars, both authors also suggest how research can inform and enrich how an educator responds to these issues. The content of this book includes detailed case studies disclosing how dyslexia presents in different individuals and which richly illuminate the issues considered by each chapter. A concise examination of reading instruction in the context of typically developing students and in relation to those who present with dyslexia, this incorporates an expert but accessible review of international policy and educational practice including influential findings from research. Detailed guidance on how to identify possible dyslexia and key issues to consider in referral and assessment of those affected, including associated models here such as Response to Intervention (RTI), Consideration of intelligence and in how this figures in relation to assessment for dyslexia, including the possible role of intellectual disability (ID). Comprehensive evaluation of the role of behaviour in relation to dyslexia with guidance on how this can be used to inform a programme of support for students with social, emotional or behavioural difficulties (SEBD). Consideration of how the professional role of a specialist educator might travel across the English speaking world and also beyond in China or India. *Key Perspectives on Dyslexia* is an essential text for educators and will become a landmark guide for educational practice and policy.
