Teaching Literacy in Kindergarten Lea M. McGee, Lesley Mandel Morrow, 2005-05-05 Kindergarten is a time for playful and enriching learning activities that support children's literacy emergence while enhancing their social and cognitive development. The routines of a busy engaged productive kindergarten classroom are vividly brought to life in this information-packed book. Demonstrated are whole class and small group strategies for helping children acquire concepts about print and the alphabet, build phonological and phonemic awareness, learn to read sight words, develop their listening comprehension and writing abilities, and much more.

The Search for Method in STEAM Education Jaime E. Martinez, 2017-07-04 This book explores various approaches to building a positive interdisciplinary STEAM science technology engineering arts and math learning environment as described by educators across the K-20 educational ladder. Crucial to their success, Martinez finds is the playful and performatory approach they employ in their teaching. Their practices are creative, improvisational, and inclusive and are shared in detail through illustrations and interviews. Throughout the book, the author explores a Vygotskian cultural performatory approach to creating interdisciplinary STEAM learning environments, drawing out the history of this approach and its success in fostering collaboration, creativity, leadership, and communication skills, as well as its effect on social, emotional, and cognitive growth in both formal and informal educational settings.

Zodiac Signs: The Ultimate Guide to an Amazing Zodiac Sign in Astrology (Personality Guides, Connections, Relationships, Compatibility, Careers, Success, and Special Talents) Joseph Carlino, 2011-01-01 Ancient astronomers studied the sun, moon, stars, and the planets in the vastness of the universe. Astrologers theorized that the movements and rotations of these heavenly bodies and constellations were an influential factor in predicting events and human behavioral traits. Thus, the horoscope charts were designed based upon the premise of timing of a person's birth date and location. This book is an introduction into the zodiac signs, their significance, and meanings, elements, and symbolism. It includes unique personality guides for each sign, detailing characteristic traits, love relationships, and compatibility, professions, success, and special gifts. In this book, you will understand what a natal chart is and learn how to read charts for yourself and others. Understand the twelve astrological signs, their influences, and how they affect you. Learn about your astrological houses and how each sign affects them. Explore the ancient knowledge behind the lunar houses. Receive powerful insight about your destination and life purpose. By learning about everything associated with your zodiac sign, you can have better insight into your life and your purpose on earth. Believe it or not, your attitude towards life, the goals you set, all your dreams, and the choices you make are influenced to a certain degree by the zodiac you are born under. So learning more about it is the simplest way to discover more about yourself.
