The world now calls it streetwear. This is the story of how this fiercely guarded counterculture launched a lifestyle and fashion movement that has endured for nearly fifty years. It was born out of the undergrounds of American culture, a unique fusion of graffiti, hip hop, surf, skate, and punk. These designers and brand operators established a creative tradition and cottage industry that they could call their own. It was a provocation of art and fashion exclusivity and commerce that forever challenged the by-the-book definitions of artist, designer, and entrepreneur. Since the first recognizable wave of streetwear labels started to form in the 1980s, it was a slow and steady swell over the next three decades until the clothes eventually exploded into mainstream fashion and popular culture. These brands turned T-shirts, hoodies, and sneakers into covetable totems of status, and big business wanted in. On the magic Streetwear's mindset and motifs soon dominated nearly every corner of the marketplace, from American malls and Tokyo boutiques to the luxury runways in Paris and Milan. **Bigger Than Fashion** tells the decades-long journey featuring brands like Stussy, BAPE, Supreme, The Hundreds, and Off White that led the once underground subculture of outsiders to mainstream sartorial dominance. It is a sweeping story of a unbridled creativity, unflinching DIY ethos, and an unstoppable drive to challenge the status quo. **50 American Artists You Should Know** Debra Mancoff, 2010-04 Profiles the careers of fifty American artists presented chronologically from colonial limners
