Excerpt The trend of everything in the business world to day is specialization To my knowledge there has never been a book written on the subject of posting I believed there was room for one that such a book would be welcome to advertisers and that such a popular form of publicity as posting should have representation in advertising libraries That is the only possible excuse I have for offering this volume to the advertising world There are so many forms of advertising to day that have proven successful that no one would have the temerity to stand forth and say that any one medium is absolutely away and above better than any other medium The wise advertiser has found that no one medium is sufficient unto itself and that only by dove tailing different mediums can the maximum of results be secured The purpose of this book is not to decry any medium of advertising or place posting above all other advertising mediums but to tell the truth about posting its advantages why it has proved one of the best forms of local advertising and to give such information and crumbs of guidance as have been gleaned from a ten year practical experience with posting and the expenditure of over a million dollars in that medium I trust that in the following pages the story I have to tell may prove of profit to some and good easy reading to all I wish to thank my many advertising friends who have given me help with this book and encouraged me to issue it May they not be disappointed **Dun's Review** ,1895 **Shelf Life** Martin Sneider,2023-04-11 A Jewish American family saga about the rise of its fashion retailing empire and how it splits and ultimately devastates the family Shelf Life is a Jewish American family saga about the rise of its fashion retailing empire and how it splits and ultimately devastates the family As the son of Max Feldman the self proclaimed sodbuster from Omaha and brilliant founder of the successful fashion shoe store chain Fratelli Massimo Josh Feldman has always known his destiny working alongside his father and one day succeeding him a career path promised to him by Max Starting with one store in the 1950s financed by his mother s trust fund his father has taken advantage of the heyday of shopping malls to grow the St Louis based business to hundreds of locations across the United States At industry events he s not just some Midwestern family business boss but a rock star courted by suppliers shopping center developers and the media Josh is eager to step into his father s role Unlike his charismatic brother and his sophisticated New York born and bred mother who inherited her powerful father s cunning but is more interested in literature and raising her sons Josh is passionate about the family business He is his father s son and presumed successor But as he comes of age starts a family of his own and works his way up in the business Josh slowly begins to understand his father s penchant for treachery With Max s ruthless ambition and his drive to be celebrated for his success will Josh ever be allowed to succeed him When the family is divided over the future of the business Josh must face the fact that his father s pledge to him may have exceeded its shelf life **Stores** ,1985 **Annals of Cleveland--1818-1935** ...
