The Book of Yields Francis T. Lynch, 2007-02-26 For years The Book of Yields has been an indispensable tool for professional chefs, culinary educators and culinary students helping them accurately calculate recipe costs and easily make purchases based on recipe requirements. The Book of Yields Seventh Edition CD ROM contains pricing, yield and equivalency for the more than 1,500 ingredients included in the book plus it allows users to efficiently and easily look up yield data for foods, find purchase requirements for a serving, create new recipes, add new ingredients, calculate ingredient or recipe costs, look up cost data for foods, create shopping lists. This culinary software can be used on its own or to complement The Book of Yields Seventh Edition. The Book of Yields CD ROM can also be used as part of a food and beverage cost control, purchasing or menu design class.

 Educational evaluation encompasses a wide array of activities including student assessment measurement testing program
 evaluation school personnel evalua tion school accreditation and curriculum evaluation It occurs at all levels of education
 systems from the individual student evaluations carried out by class room teachers to evaluations of schools and districts to
 district wide program evaluations to national assessments to cross national comparisons of student achievement As in any
 area of scholarship and practice the field is constantly evolving as a result of advances in theory methodology and technology
 increasing globalization emerging needs and pressures and cross fertilization from other disciplines The beginning of a new
 century would seem an appropriate time to provide a portrait of the current state of the theory and practice of educational
 evaluation across the globe It is the purpose of this handbook to attempt to do this to sketch the international landscape of
 educational evaluation its conceptual izations practice methodology and background and the functions it serves The book s
 43 chapters grouped in 10 sections provide detailed accounts of major components of the educational evaluation enterprise
