Swanson, Susan A.

Hildebrandt, 2018-04-01 Teacher effectiveness and licensure in the United States continue to be scrutinized at the state and national levels. At present, 40 states plus the District of Columbia have adopted edTPA to inform initial teacher licensure and/or certification decisions. American Association of Colleges for Teacher Education and edTPA is designed to measure novice teachers' readiness to teach their content area with a focus on student learning and principles from research and theory. SCALE 2015 Composed of planning instruction and assessment tasks, edTPA portfolios seek to provide evidence of teacher candidate readiness in three areas: 1. intended teaching, 2. enacted teaching, and 3. the impact of teaching on student learning. Specifically, edTPA measures teacher candidates' ability to develop knowledge of subject matter content standards and subject-specific pedagogy, develop and apply knowledge of varied students' needs, consider research and theory about how students learn, reflect on and analyze evidence of the effects of instruction on student learning. p. 1 Teacher candidates create extensive portfolios that include written commentaries explaining each task and video excerpts of a recorded teaching event. Teacher candidates must submit evidence to show their teaching prowess and pay \$300 at present to Pearson Education for their portfolio to be evaluated by external reviewers. In this volume, researchers share their experiences working with edTPA in three areas of language learning: English Language Arts, English to Speakers of Other Languages, and World Languages. The volume provides empirical research in the areas of multicultural perspectives, pedagogical practices, and edTPA in compatibility. Findings are of interest to multiple stakeholders such as teacher candidates, mentor teachers, teacher preparation faculty members, and program coordinators and administrators. **K-12 STEM Education: Breakthroughs in Research and Practice** Management Association, Information Resources, 2017-10-31 Education is vital to the progression and sustainability of society.
