Migration Refugee Policy And State Building In Postcommunist Europe:

Migration, Refugee Policy, and State Building in Postcommunist Europe Oxana Shevel, 2014-05-14 Why do similar postcommunist states respond differently to refugees with some being more receptive than others Why do some states privilege certain refugee groups while other states do not This book presents a theory to account for this puzzle and it centers on the role of the politics of nation building and of the office of the UN High Commissioner for Refugees UNHCR A key finding of the book is that when the boundaries of a nation are contested and thus there is no consensus on which group should receive preferential treatment in state policies a political space for a receptive and nondiscriminatory refugee policy opens up The book speaks to the broader questions of how nationalism matters after communism and under what conditions and through what mechanisms international actors can influence domestic policies The analysis is based on extensive primary research the author conducted in four languages in the Czech Republic Poland Russia and Ukraine [Migration, Refugee Policy, and State Building in Postcommunist Europe](#) Oxana Shevel, 2011-10-24 Why do similar postcommunist states respond differently to refugees Why do some states privilege certain refugee groups while other states do not This book presents a theory to account for this puzzle and it centers on the role of the politics of nation building and of the office of the UN High Commissioner for Refugees UNHCR A key finding of the book is that when the boundaries of a nation are contested and thus there is no consensus on which group should receive preferential treatment in state policies a political space for a receptive and nondiscriminatory refugee policy opens up The book speaks to the broader questions of how nationalism matters after communism and under what conditions and through what mechanisms international actors can influence domestic policies The analysis is based on extensive primary research the author conducted in four languages in the Czech Republic Poland Russia and Ukraine **Schutz und Freiheit?** Dieter Gosewinkel, 2016-06-13 Die Staatsbürgerschaft war im 20. Jahrhundert das Signum politischer Zugehörigkeit in Europa Sie entschied über Schutz und Freiheit eines Menschen und damit über seine Lebens- und Lebenschancen Erzählt wird hier erstmals eine gemeinsame Geschichte der Staatsbürgerschaft in West- und Osteuropa von der Hochphase des Nationalstaats bis in unsere Gegenwart die von den Krisen der europäischen Union geprägt ist Es ist die Geschichte einer zentralen rechtlichen Institution die Kompetenzen um Migration, Integration und Zugehörigkeit maßgeblich repräsentiert und zugleich bestimmt Welche Lehren aus ihr mit Blick auf die Zukunftschancen einer europäischen Staatsbürgerschaft zu ziehen sind ist eines der Themen dieses Buches *Das politische System Tschechiens* Astrid Lorenz, Hana Formánková, 2018-06-21 Das Buch gibt einen fundierten Einblick in das Regierungssystem Tschechiens die Gesellschaft, Parteien und Medien sowie ausgewählte Politikfelder Dabei konzentriert es sich auf zentrale Merkmale und ihren Zusammenhang mit der Europäischen Union zeichnet wichtige Entwicklungslinien nach und ordnet die Befunde im Vergleich mit anderen Staaten ein Die Autoren sind anerkannte Wissenschaftlerinnen die ein hohes Maß an fachlicher und regionaler Expertise mitbringen **Immigration and Refugee Law in Russia** Agnieszka Kubal, 2019-04-11 How do immigration and

refugee laws work in action in Russia This book offers a complex empirical and nuanced understanding Twenty Years After Communism Michael Bernhard, Jan Kubik, 2014-07-02 While the fall of the Berlin Wall is positively commemorated in the West the intervening years have shown that the former Soviet Bloc has a more complicated view of its legacy In post communist Eastern Europe the way people remember state socialism is closely intertwined with the manner in which they envision historical justice Twenty Years After Communism is concerned with the explosion of a politics of memory triggered by the fall of state socialism in Eastern Europe and it takes a comparative look at the ways that communism and its demise have been commemorated or not commemorated by major political actors across the region The book is built on three premises The first is that political actors always strive to come to terms with the history of their communities in order to generate a sense of order in their personal and collective lives Second new leaders sometimes find it advantageous to mete out justice on the politicians of abolished regimes and whether and how they do so depends heavily on their interpretation and assessment of the collective past Finally remembering the past particularly collectively is always a political process thus the politics of memory and commemoration needs to be studied as an integral part of the establishment of new collective identities and new principles of political legitimacy Each chapter takes a detailed look at the commemorative ceremony of a different country of the former Soviet Bloc Collectively the book looks at patterns of extrication from state socialism patterns of ethnic and class conflict the strategies of communist successor parties and the cultural traditions of a given country that influence the way official collective memory is constructed Twenty Years After Communism develops a new analytical and explanatory framework that helps readers to understand the utility of historical memory as an important and understudied part of democratization

Fragile Migration Rights Matthew Light, 2016-03-10 The Soviet Union comprehensively governed the mobility of its citizens by barring emigration and strictly regulating internal migration In the aftermath of the Soviet collapse the constitution and laws of the new Russian Federation appeared to herald a complete break with the repressiveness of the previous government Russian law now proclaims the right of Russian citizens and residents to move around their country freely This book examines how and why this post Soviet legal promise of internal freedom of movement has been undermined in practice by both federal and regional policies It thereby adds a new dimension to scholarly understanding of the nature of rights citizenship and law enforcement in contemporary Russia Most contemporary works focus on the attempts of developed Northern countries to regulate migration from the global South to the global North here Matthew Light examines the restriction of migration within Soviet and post Soviet Russia providing a comprehensive view into an area rarely explored within migration scholarship Fragile Migration Rights develops a comprehensive theoretical framework to analyse this complex subject It is essential reading for students and academics from a range of disciplines including criminology human rights migration studies and political science

Russian Citizenship Eric Lohr, 2012-10-31 In the first book to trace the Russian state's citizenship policy throughout its history Lohr argues that to understand the

citizenship dilemmas Russia faces today we must return to the less xenophobic and isolationist pre Stalin period before the drive toward autarky after 1914 eventually sealed the state off from Europe The Routledge History Handbook of Central and Eastern Europe in the Twentieth Century Włodzimierz Borodziej, Sabina Ferhadbegović, Joachim von

Puttkamer, 2020-04-21 Statehood examines the extending lines of development of nation state systems in Eastern Europe in particular considering why certain tendencies in state development found a different expression in this region compared to other parts of the continent This volume discusses the differences between the social developments political decisions and historical experience that have influenced processes of state building with a focus on the structural problems of the region and the different paths taken to overcome them The book addresses processes of building social orders and examines the contribution of state institutions to social and cultural integration and disintegration It analyses institutional and personnel continuities that have outlasted the great political changes of the twentieth century and addresses the expansion of state activity in shaping property relations in agriculture and industry as well as in social security and family politics Taking a comparative approach based on experiential history allowing individual experience to be detached from specific national references the volume delineates a transnational comparison of problems shared within the region as they have been passed down through history providing definition to the specificity of Eastern Europe and situating the historical experience of the region within a pan European context The second in a four volume set on Central and Eastern Europe in the twentieth century it is the go to resource for those interested in statehood and state building in this complex region **The Oxford**

Handbook of Citizenship Ayelet Shachar, Rainer Bauböck, Irene Bloemraad, Maarten Peter Vink, 2017 This Handbook sets a new agenda for theoretical and practical explorations of citizenship analysing the main challenges and prospects informing today's world of increased migration and globalization It will also explore new forms of membership and democratic participation beyond borders and the rise of European and multilevel citizenship *Policy Transfer and Norm Circulation*

Laure Delcour, Elsa Tulmets, 2019-04-11 Policy Transfer and Norm Circulation brings together various fields in the humanities and social sciences to propose a renewed analysis of policy transfer and norm circulation by offering cross regional case studies and providing both a comprehensive and innovative understanding of policy transfer The book introduces a constructive interdisciplinary dialogue and comparative approach highlighting the partial and fragmented understanding of policy transfer and the questions and challenges in the study of policy transfer in three parts Firstly notions of transfer and circulation including law political economy sociology and history secondly a focus on European studies and the transfer of norms both within and outside the EU and finally an examination within a broader IR context This text will be of key interest to scholars and students of European Union politics studies international relations public policy economics and law as well as practitioners dealing with regional integration Struggles for Belonging Dieter Gosewinkel, 2021 This book recounts the history of citizenship in 20th century Europe focussing on six countries Great Britain France Germany

Czechoslovakia Poland and Russia It is the history of a central legal institution that significantly represents and at the same time determines struggles over migration integration and belonging **The Routledge History of East Central Europe Since 1700** Irina Livezeanu, Arpad von Klimo, 2017-03-16 Covers territory from Russia in the east to Germany and Austria in the west exploring the origins and evolution of modernity in this region Provided by the publisher The Routledge Handbook of the Politics of Migration in Europe Agnieszka Weinar, Saskia Bonjour, Lyubov Zhyznomirska, 2018-07-06 The Routledge Handbook of the Politics of Migration in Europe provides a rigorous and critical examination of what is exceptional about the European politics of migration and the study of it Crucially this book goes beyond the study of the politics of migration in the handful of Western European countries to showcase a European approach to the study of migration politics inclusive of tendencies in all geographical parts of Europe including Eastern Europe the Western Balkans Turkey and of influences of the European Union EU on countries in Europe and beyond Each expert chapter reviews the state of the art field of studies on a given topic or question in Europe as a continent while highlighting any dimensions in scholarly debates that are uniquely European Thematically organised it permits analytically fruitful comparisons across various geographical entities within Europe and broadens the focus on European immigration politics and policies beyond the traditional limitations of Western European immigrant receiving societies The Routledge Handbook of the Politics of Migration in Europe will be essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research on migration and European and EU Politics Transferring Asylum Norms to EU Neighbours Irina Mützelburg, 2022-11-08 This book analyses why the Ukrainian state established asylum laws and policies in the thirty years since 1991 even though the number of asylum seekers was very low International and non governmental organisations transferred international asylum norms to Ukraine Various state and non state actors participated in this process translating spreading and resisting those norms In many cases legislative adoption was driven by domestic politicians pursuit of recognition by international organisations such as the European Union and the Council of Europe and by their desire to meet conditionality requirements NGOs sought to influence administrative practices alternating between confrontational and conciliatory formal and informal approaches and often relying on personal contacts Actors used and shifted between scales in order to transfer norms or resist transfer In the process they produced renegotiated and confirmed those scales For instance NGOs resorting to the European Court of Human Rights to prevent refoulement placed the European scale above the national scale This book offers a new multi actor and multi scalar analysis of policy transfer

Democratic Citizenship and the Free Movement of People Willem Maas, 2013-09-05 Democratic states guarantee free movement within their territory to all citizens as a core right of citizenship Similarly the European Union guarantees EU citizens and members of their families the right to live and the right to work anywhere within EU territory Such rights reflect the project of equality and undifferentiated individual rights for all who have the status of citizen but they are not

uncontested Despite citizenship's promise of equality barriers incentives and disincentives to free movement make some citizens more equal than others This book challenges the normal way of thinking about freedom of movement by identifying the tensions between the formal ideals that governments laws and constitutions expound and actual practices which fall short Individual states and the European Union have either created or permitted the creation of direct and indirect barriers to mobility that undermine the promise of freedom of movement The volume identifies these barriers explains why they have arisen discusses why they are difficult to remove and explores their consequences Joseph Carens University of Toronto

The EU, Migration and the Politics of Administrative Detention Michela Ceccorulli, Nicola Labanca, 2014-04-16

Migration is now regarded as a security issue both in public debate and government policies In turn the phenomenon of detention as a governance practice has emerged and the developing presence of camps in Europe for migrants has given rise to a tangle of new and complex issues This book examines the phenomenon of irregular immigration and provides a comprehensive picture of the practices and the implications of detention of migrants within and the European Union It analyses detention as a tool of governance and in doing so explores several key themes the security threat for Europe the security governance processes enacted to handle irregular immigration the forms of detention in different geographical contexts the effectiveness of the EU's approach to the issue The EU Migration and the Politics of Administrative Detention will be of interest to students and scholars of the EU's external relations migration human rights European politics and security studies

The Politics of Nation-Building Harris Mylonas, 2013-02-18 What drives a state's choice to assimilate accommodate or exclude ethnic groups within its territory In this innovative work on the international politics of nation building Harris Mylonas argues that a state's nation building policies toward non core groups individuals perceived as an ethnic group by the ruling elite of a state are influenced by both its foreign policy goals and its relations with the external patrons of these groups Through a detailed study of the Balkans Mylonas shows that how a state treats a non core group within its own borders is determined largely by whether the state's foreign policy is revisionist or cleaves to the international status quo and whether it is allied or in rivalry with that group's external patrons Mylonas injects international politics into the study of nation building building a bridge between international relations and the comparative politics of ethnicity and nationalism

Czech Democracy in Crisis Astrid Lorenz, Hana Formánková, 2020-04-13 Democracy theories and comparative political science have been challenged within the last decade by an unexpected democratic deficit and the rise of populism in the new EU member states This volume written by German and Czech scholars gives some food for thought for solving these research problems by means of thorough analyses of the polity the politics and selected policies of the Czech Republic since 1990 Dieter Segert retired Professor of Political Science Area Studies on Eastern Europe University of Vienna Austria *Czech Democracy in Crisis* is a long overdue comprehensive study of the Czech political system Using institutional approaches to change it explores crucial policy outcomes A perfect book for academics and practitioners who want to understand the

challenges of democratic consolidation in a new democracy Lenka Bustikova Associate Professor of Political Science Arizona State University USA and author of Extreme Reactions Radical Right Mobilization in Eastern Europe The image of the Czechs as a poster child of democratization has changed into a crisis narrative in recent years This edited volume traces this change and examines the suitability of different theories to explain developments in Czech democracy The contributors all renowned experts in their fields offer well founded and compact insights into the post 1989 Czech political system They cover political institutions and parties civil society the media and selected policy areas such as foreign economic migration and regional policy The book takes into account processes of democratization and Europeanization explaining the political picture at various stages of development Finding that many of today s problems fragmented political parties government instability inefficient state administration and low quality of governance have not been new developments but have constantly existed the authors present a plea for theoretical adjustments that should be read by all academics students practitioners and readers with an interest in Czech politics and society

The Politics of Social Ties Mila Dragojevic, 2016-02-24 After forced migration to a country where immigrants form an ethnic majority why do some individuals support exclusivist and nationalist political parties while others do not Based on extensive interviews and an original survey of 1 200 local Serbs and ethnic Serbian refugees fleeing violent conflict in Bosnia and Croatia The Politics of Social Ties argues that those immigrants who form close interpersonal networks with others who share their experiences such as the loss of family friends and home in addition to the memory of ethnic violence from past wars are more likely to vote for nationalist parties Any political mobilization occurring within these interpersonal networks is not strategic rather individuals engage in political discussion with people who have a greater capacity for mutual empathy over the course of discussing other daily concerns This book adds the dimension of ethnic identity to the analysis of individual political behavior without treating ethnic groups as homogeneous social categories It adds valuable insight to the existing literature on political behavior by emphasizing the role of social ties among individuals
