Mike Disfarmer Original Disfarmer Photographs:

Original Disfarmer Photographs Mike Disfarmer, Alan Trachtenberg, 2005 This is the first publication presenting the vintage prints of Mike Disfarmer 1884 1959 one of America's greatest portraitists For a half century Disfarmer was the people's photographer of Heber Springs Arkansas He made studio portraits at pennies a picture to satisfy his rural clients yet he was an odd genius who created a style of portraiture all his own Until now Disfarmer has been known to the world only through prints made from negatives found years after his death Now with the discovery of his vintage prints we get to see the pictures as he made them **BOOK JACKET** *Camera Graeca: Photographs, Narratives, Materialities* Philip Carabott, Yannis Hamilakis, Eleni Papargyriou, 2016-03-09 While written sources on the history of Greece have been studied extensively no systematic attempt has been made to examine photography as an important cultural and material process This is surprising given that Modern Greece and photography are almost peers both are cultural products of the 1830s and both actively converse with modernity *Camera Graeca Photographs Narratives Materialities* fills this lacuna It is the first interdisciplinary volume to examine critically and in a theorised manner the entanglement of Greece with photography The book argues that photographs and the photographic process as a whole have been instrumental in the reproduction of national imagination in the consolidation of the nation building process and in the generation and dissemination of state propaganda At the same time it is argued that the photographic field constitutes a site of memory and counter memory where various social actors intervene actively and stake their discursive material and practical claims As such the volume will be of relevance to scholars and photographers worldwide The book is divided into four tightly integrated parts The first *Imagining Greece* shows that the consolidation of Greek national identity constituted a material cum representational process the projection of an imagery although some photographic production sits uneasily within the national canon and may even undermine it The second part *Photographic narratives alternative histories* demonstrates the narrative function of photographs in diary keeping and in photobooks It also examines the constitution of spectatorship through the combination of text and image and the role of photography as a process of materializing counter hegemonic discourses and practices The third part *Photographic matter realities* foregrounds the role of photography in materializing state propaganda national memory and war The final part *Photographic ethnographies* *Arkansas Made, Volume 2* Swanee Bennett, Jennifer Carman, William B. Worthen, 2021-02-09 Volume I Quilts and textiles Ceramics Silver Weaponry Furniture Vernacular architecture Native American art volume II Photography Fine art **Vivian Maier** Pamela Bannos, 2017-10-05 Look's past the mystique of the eccentric nanny with a camera to tell the true Maier story An extraordinary work *Library Journal* Who was Vivian Maier Many know her as the reclusive Chicago nanny who wandered the city for decades constantly snapping photographs which were unseen until they were discovered in a seemingly abandoned storage locker They revealed her to be an inadvertent master of twentieth century American street photography Not long after the news broke that Maier had recently died and

had no surviving relatives Soon the whole world knew about her preternatural work shooting her to stardom almost overnight But as Pamela Bannos reveals in this meticulous biography this story of the nanny savant has blinded us to Maier s true achievements as well as her intentions Most important Bannos argues Maier was not a nanny who moonlighted as a photographer she was a photographer who supported herself as a nanny In Vivian Maier A Photographer s Life and Afterlife Bannos contrasts Maier s life with the mythology that strangers mostly the men who ve profited from her work have created around her absence She shows that Maier was extremely conscientious about how her work was developed printed and cropped even though she also made a clear choice never to display it She places Maier s fierce passion for privacy alongside the recent spread of her work around the world and explains Maier s careful adjustments of photographic technique while explaining how the photographs have been misconstrued or misidentified Bannos also uncovers new information about Maier s immediate family including her difficult brother Karl relatives once thought not to exist This authoritative biography shows that the real story of Vivian Maier a true visionary artist is even more compelling than the myth An excellent book that reads like a mystery novel Wonderful and engrossing Elizabeth Currid Halkett author of Starstruck The Business of Celebrity It s a portrait as direct as any of Maier s and what a distinct pleasure it is to meet her gaze again The New York Times This book is by far the finest yet published on the artist I believe it will become a classic in the field Art in America [Pictures from a Drawer](#) Bruce Jackson,2009-08-21 For more than forty years Bruce Jackson has been documenting in books photographs audio recording and film inmates lives in American prisons In November 1975 he acquired a collection of old ID photos while he was visiting the Cummins Unit a state prison farm in Arkansas They are published together for the first time in this remarkable book The 121 images that appear here were likely taken between 1915 and 1940 As Jackson describes in an absorbing introduction the function of these photos was not portraiture their function was to fold a person into the controlled space of a dossier Here freed from their prison jackets and printed at sizes far larger than their originals these one time ID photos have now become portraits Jackson s restoration transforms what were small bureaucratic artifacts into moving images of real men and women Pictures from a Drawer also contains an extraordinary description of everyday life at Cummins prison in the 1950s written originally by hand and presented to Jackson in 1973 by its author a long time inmate

Cleburne County and Its People Carl J. Barger,2008-05-13 Cleburne County and Its People is a historical account of Cleburne County and the men and women who made it what it is today These men and women were as diverse as the Ozark Mountain s rock laden landscapes The pioneers who settled Cleburne County were as strong as the land of hardy pioneer stock and bold in thought and action They were shrewd strong willed individuals who brought staunch beliefs and strong disciplines with them and settled in an untamed wilderness which became Cleburne County Cleburne County and Its People has drawn from the past and the present chronicling the lives of settlers facing hardships and tragedies discovering profound beauty mastering vast natural resources and formulating democratic ideals The stories in this book are honest

interpretations of the human experience intertwined with the old and the new and adding exciting dimensions to the county and Cleburne and the state of Arkansas The objective of Carl J Barger the compiler of Cleburne County and Its People is to preserve a history of the county of his birth for students historians and all of the citizens of Cleburne County Carl J Barger is the author of Swords and Plowshares a Civil War love story and Mamie an Ozark Mountain Girl of Courage a story of the Ozark Mountain People set in Cleburne and Van Buren Counties

Disfarmer Mike Disfarmer, 2005 A landmark photography book presenting the never before seen original vintage prints of this enigmatic and eccentric portrait photographer whose prized and rare images are collected by museums and galleries around the world Disfarmer's studio portraits present the people of the American heartland during the turbulent and troubled times of the early 20th century The culmination of a two year historical reclamation project in which researchers scoured thousands of albums Disfarmer is a truly unique original and important collection

The Critical Eye Lyle Rexer, 2019-11-04 Based on the highly successful course at the School of Visual Arts developed by the author this book provides a comprehensive approach to the critical understanding of photography through an in depth discussion of fifteen photographs and their contexts historical generic biographical and aesthetic This book presents an intensive course in looking at photographs open to undergraduates and general audiences alike Rexer argues that by concentrating on fifteen carefully chosen works it is possible to understand the history development and contemporary situation of photography Looking to images by photographers such as Roland Fischer Nancy Rexroth and Ernest Cole The Critical Eye is the only book to address the totality of issues involved in photography from authorial self consciousness to the role of the audience Its subjects are not limited to art photography but include vernacular images commercial genres and anthropology With every chapter it seeks to link the history of photography to current practice This highly illustrated and beautiful book provides a much needed introduction to image production

Heber Springs Portraits Toba Tucker, 1996 Mike Disfarmer an eccentric local recluse photographed the residents of Heber Springs Arkansas in his studio on Main Street in the 1930s and 1940s His glass plate negatives were discovered fifteen years after his death When she first saw an exhibit of Mike Disfarmer's portraits Toba Tucker was intrigued by their raw honesty Her curiosity drew her to Heber Springs where she lived for two years making portraits of some of the same people Disfarmer photographed and of many of their relatives and descendants who still live there This unusual book is a rephotographic study Toba Tucker used Disfarmer's portraits as the starting point for the project but she brought her own personal vision to the images She shows how life in small town America has changed since the 1940s and how it has remained the same In his essay Alan Trachtenberg examines the conversation between then and now between

Disfarmer and Tucker and observes that the strength the individuality and vitality of the people in both sets of portraits make this book affecting and resonant **American Photo** ,2005 Nineteenth and Twentieth Century Photographic Literature and Photographs Swann Galleries,1997 *The Print Collector's Newsletter* ,1977 Encyclopedia of Photography International Center of Photography,1984 More than 1 300 alphabetically arranged entries The biographical articles cover both nineteenth and twentieth century photographers and inventors of photographic techniques and products accompanied by examples of their finest work Also included is a special biographical appendix of 2 000 other significant photographers technical entries illustrated with more than 100 helpful diagrams and charts There are 65 pages of four color photographs and more than 200 duotone photographs Dustjacket
