Class and Everyday Life Kirsteen Paton, 2023-11-28 Exploring the issues of class through in depth studies of housing sport art music and politics in Britain Class and Everyday Life persuasively demonstrates the pervasive influence of class on everyday life and the need to centre a radical understanding of class within emancipatory political movements The need for a more expansive understanding of class is politically urgent There is a disconnect between descriptive and analytical approaches to class and the politics of class and realities around how class is lived Discourse has been shaped by top down frameworks of analysis and measurements which have stripped the study of class of its political radicalism This book makes the case for a sociology of class which is informed by a politics of class based upon using the everyday as the point of enquiry It presents a sociology of class from the bottom up which focuses on everyday life and the point at which class is made and remade In doing so it advocates for an attentiveness to class and everyday life through a conjunctural analysis Using an everyday lens this book examines how the shifting conjunctures manifest in everyday spaces in classed ways and how such changes are negotiated resisted and shape the working class subject and communities This is based upon an understanding of everyday classed experiences which identifies and challenges inequalities while also recognising value and hope This perspective aims to offer a recognition of both the opportunities and challenges of class as a way of developing a stronger more politicised understanding of class which takes solidarity and class community power seriously to resist inequality and develop emancipatory politics This urgent and impassioned book will be essential reading for students academics and activists with an interest in the lived experience of class in Britain today

What Happens to Footballers When the Game's Up guilty pleasure Fed up with the time wasted reading them he explores how many of these rumours are accurate planted by agents or simply made up and how easy is it to plant a transfer story in the UK media Along the way he discovers how the market works and how a transfer happens what a move actually means for a typical player in a world where you could buy over 160 000 League Two players for the price of Neymar and that almost 30 per cent of transferred players worldwide are moved between clubs against their wishes He also uncovers how to become a football agent overnight and why British players are reluctant to move abroad He speaks to players about the pressures and real life effects of a move and tries to figure out how much the stars of yesteryear would be worth in today's crazy transfer market where Premier League clubs spent a record AAGBP1 4 billion in the summer of 2017 alone *LIFE* ,1968-10-25
