The Maps of the Wilderness Bradley Gottfried, 2016-03-14 The Maps of the Wilderness An Atlas of the Wilderness Campaign May 27 1864 continues Bradley M Gottfried's efforts to study and illustrate the major campaigns of the Civil War's Eastern Theater This is his fifth book in the ongoing Savas Beatie Military Atlas Series The previous four were The Maps of Gettysburg 2007 The Maps of First Bull Run 2009 The Maps of Antietam 2012 and The Maps of the Bristoe Station and Mine Run Campaigns 2013 This latest magisterial work breaks down the entire campaign and all related operational maneuvers into 24 map sets or action sections enriched with 120 original full page color maps These spectacular cartographic creations bore down to the regimental and battery level The Maps of the Wilderness includes an assessment of the winter of 1863 1864 the planning for the campaign the crossing of the Rapidan River and two days of bloody combat and the day of watchful stalemate thereafter At least one and as many as eight maps accompany each action section Opposite each map is a full facing page of detailed footnoted text describing the units personalities movements and combat including quotes from eyewitnesses depicted on the accompanying map all of which make the story of the first large scale combat of 1864 come alive Each cartographic snapshot also serves to unlock everything ever written on the subject This detailed coverage also includes an order of battle interview with the author bibliography and an index This original presentation leads readers on a journey through the epic battle that would prove to be the opening salvo in a prolonged fight that would not end until the Confederates surrendered at Appomattox in April 1865 The Wilderness Campaign has two unique characteristics First although he did not command the Army of the Potomac the battle was Ulysses S Grant's first against General Robert E Lee Second the Wilderness fighting prolonged bloody and inconclusive is widely viewed as the most confusing action of the entire war The dense thickets and deep smoke obscured much of what occurred during the two days of combat Gottfried's book cuts through the confusion to deliver a clear account of the horrendous struggle Perfect for the easy chair or for walking hallowed ground The Maps of the Wilderness is a seminal work that like his earlier studies belongs on the bookshelf of every serious and casual student of the Civil War or in the hands of an avid enthusiast out walking the Hallowed Ground

Burnside's Boys Darin Wipperman, 2023-04-01 Unique among Union army corps the Ninth fought in both the Eastern and Western theaters of the Civil War The corps veterans called their service a geography class and others have called the Ninth a wandering corps because it covered more ground than any corps in the Union armies With the same attention to detail that he gave to the First Corps in First for the Union Darin Wipperman vividly reconstructs life and death in the Ninth Corps The roots of the Ninth Corps lay in the early 1862 coastal expeditions in the Carolinas under

Ambrose Burnside After this successful campaign a master class in Civil War amphibious warfare that turned Burnside into a star Burnside's units coalesced into a corps part of which reinforced Pope's Army of Virginia at Second Bull Run during the summer of 1862 The Ninth fought with the Army of the Potomac in the Maryland campaign in September 1862 first at the Battle of South Mountain and then in its most famous action at Antietam where it suffered 25 percent casualties attempting to seize what became known as Burnside's Bridge Three months later the corps was lightly engaged at the Battle of Fredericksburg during which Burnside commanded the entire Army of the Potomac After the disaster of Fredericksburg the Ninth again under Burnside spent much of 1863 in the West with the Army of the Ohio performing occupation duty in Kentucky and then in Grant's campaign to take Vicksburg Mississippi It fought in Tennessee and helped take Knoxville before returning East a shell of itself thanks largely to disease Reorganized the Ninth joined Grant's Overland Campaign in Virginia fighting with horrifying losses at the Wilderness and Spotsylvania It joined the siege of Petersburg including the infamous Battle of the Crater in July 1864 and remained at Petersburg through the end of the war where it participated in the assault that broke the siege in April 1865 forcing Lee's army into retreat and final defeat at Appomattox From the Carolinas to Maryland from Kentucky Mississippi and Tennessee to Virginia the Ninth Corps sacrificed for the Union and burnished its place in the annals of the American Civil War Tonto National Forest Plan ,1985
