Doctor Tom Lewis

Online Book Officer Deck Herbert Kriloff:

The Sinking of HMAS Sydney Doctor Tom Lewis, 2024-01-03 HMAS Sydney was the pride of the fleet during the Second World War. A light cruiser and one of Australia's main combat vessels. On the 19th November 1941 off the coast of Western Australia, The Sydney engaged in a fierce and bloody battle with the German raider Kormoran. Following this action, The Sydney failed to return to port. An extensive search and rescue was carried out, but the warship had disappeared with all 645 men on board. Whilst the battle lasted little more than an hour, this single ship engagement remains Australia's greatest naval disaster. More Australian servicemen died in the battle between the German raider Kormoran and the light cruiser HMAS Sydney than perished in the Vietnam War. It was not until 2008 that the wreck was discovered. The passage of time between the sinking and the discovery led to numerous mystery and conspiracy theories, all of which started replacing the truth. Now, with an explanation of how those on board lived, fought and died, this book tells the full story. Australian Coastal Wars Doctor Tom Lewis, 2025-09-30 For the first time, acclaimed military historian Dr Tom Lewis OAM uncovers the full scale of World War II's forgotten battles along our coastline. From German surface raiders laying deadly mines to Japanese submarines prowling offshore and enemy aircraft launching hundreds of attacks, the war on the coast stretched across thousands of kilometres from Darwin to Hobart, from Townsville to Melbourne. This landmark book rewrites history, revealing a long and brutal struggle between German and Japanese forces and those of Australia, Britain and the United States. Scores of ships were sunk, thousands of lives lost, yet much of this story remains unknown. Among the tragedies are gripping accounts of heroism and heartbreak: the sinking of the cruiser Sydney with 645 lives lost in a duel with the raider Kormoran; a deadly mine explosion on a quiet South Australian beach; and the haunting fate of a priest abducted and executed by an enemy floatplane crew. There are also tales of misjudgement and misadventure, like the flawed decisions during the Sydney midget submarine raids, partly redeemed by the courage of small ship commanders whose bravery remains unrecognised. Other stories are only now coming to light, including the daring attack by two RAAF bombers on a Japanese submarine still lost off the coast of New South Wales. Australian Coastal Wars reveals it all: a sweeping and deeply human account of a war far closer to home than most Australians ever realised.
