Post Corona: Von der Krise zur Chance Scott Galloway, 2021-07-15 Der Ausbruch von Covid 19 hat Schlafzimmer in Büro verwandelt Jung gegen Alt ausgespielt und die Kluft zwischen Arm und Reich maskentragend und Maskenhassern vergrößert Einige Unternehmen wie Amazon und der Hersteller von Videokonferenzsoftware Zoom fanden sich unter einer Lawine der Verbrauchernachfrage gedrückt Andere wie die Restaurant Reise Hotel und Live Entertainment Branche kämpften darum nicht unter die Räder zu kommen Die Pandemie war ein Beschleuniger von Trends die bereits in vollem Gange waren In Post Corona skizziert Galloway die Konturen der Krise und die Chancen die vor uns liegen Galloway kombiniert seinen unverkennbaren Humor und frechen Stil mit messerscharfen Einblicken und bietet Warnung und Hoffnung gleichermaßen

Facebook, the Media and Democracy Leighton Andrews, 2019-08-29 Facebook the Media and Democracy examines Facebook Inc and the impact that it has had and continues to have on media and democracy around the world Drawing on interviews with Facebook users of different kinds and dialogue with politicians regulators civil society and media commentators as well as detailed documentary scrutiny of legislative and regulatory proposals and Facebook's corporate statements the book presents a comprehensive but clear overview of the current debate around Facebook and the global debate on the regulation of social media in the era of surveillance capitalism Chapters examine the business and growing institutional power of Facebook as it has unfolded over the fifteen years since its creation the benefits and meanings that it has provided for its users its disruptive challenge to the contemporary media environment its shaping of conversations and the emerging calls for its further regulation The book considers Facebook's alleged role in the rise of democratic movements around the world as well as its suggested role in the election of Donald Trump and the UK vote to leave the European Union This book argues that Facebook in some shape or form is likely to be with us into the foreseeable future and that how we address the societal challenges that it provokes and the economic system that underpins it will define how human societies demonstrate their capacity to protect and enhance democracy and ensure that no corporation can set itself above democratic institutions This is an important research volume for academics and researchers in the areas of media studies communications social media and political science

Social Media, Social Genres Stine Lomborg, 2013-10-23 Internet based

applications such as blogs social network sites online chat forums text messages microblogs and location based communication services used from computers and smart phones represent central resources for organizing daily life and making sense of ourselves and the social worlds we inhabit This interdisciplinary book explores the meanings of social media as a communicative condition for users in their daily lives first through a theoretical framework approaching social media as communicative genres and second through empirical case studies of personal blogs Twitter and Facebook as key instances of the category of social media which is still taking shape Lomborg combines micro analyses of the communicative functionalities of social media and their place in ordinary people s wider patterns of media usage and everyday practices

A Critical Hypertext Analysis of Social Media Volker Eisenlauer, 2013-08-15 Facebook in just a few years has become one of the central tools people use to communicate with each other in everyday life However the perceived freedom of action on the site and the actual processes that are permitted in Facebook s set up don t always match up in this book this gap is examined This book identifies the interrelations between user text actions and the software environment framing them It takes a critical perspective on Facebook and develops a model that grants methodological access to complex interlaced practices incorporating media text and literacies It shows Facebook users employing idiosyncratic and Facebook specific literacy practices and gives weight to the larger hypothesis of the software service as an ideological setting designed to calculate and standardize human behaviour Specifically the book examines text action and automation within Facebook to determine how the software service intervenes in the communicative flow between among profile owners and profile recipients This is cutting edge work and of huge importance to modern fields of discourse analysis and computer mediated communication

Your Data, Their Billions Jane S. Hoffman, 2022-04-19 THE GUIDE TO USING EVERYDAY TECH FROM GOOGLE SEARCHES AND AMAZON TO GPS AND FACEBOOK WITH EYES WIDE OPEN What if somebody knew everything about you Your relationships work social and private family history finances and medical records even your exact location at any time of the day personal preferences and purchases Somebody does That somebody is Big Tech Facebook Google Amazon Apple and Microsoft know more about you than you do And they make billions of dollars by cashing in on your private data Our personal data which Big Tech companies get for free is the engine that drives the unregulated free for all Wild West world called the digital marketplace These corporate giants may bring us information and entertainment convenience and connection but they also do a lot of harm by threatening our privacy discovering and disseminating our personal information spreading dangerous misinformation from foreign governments and bad actors manipulating our behavior affecting what we see buy even who we vote for So what can we do about it This eye opening book provides vital information that has been out of reach to those who need it most the millions of Facebook Google Amazon Apple and Microsoft users who have come to love and depend upon these digital products Veteran consumer advocate Jane Hoffman makes the complex world of Big Tech simple to grasp as she reveals exactly how Big Tech uses and abuses your personal

Ultimate Local Marketing Makeover, *Post Corona* Scott Galloway, 2020-11-24 New York Times bestseller Few are better positioned to illuminate the vagaries of this transformation than Galloway a tech entrepreneur author and professor at New York University's Stern School In brisk prose and catchy illustrations he vividly demonstrates how the largest technology companies turned the crisis of the pandemic into the market share grabbing opportunity of a lifetime The New York Times As good an analysis as you could wish to read The Financial Times From bestselling author and NYU Business School professor Scott Galloway comes a keenly insightful urgent analysis of who stands to win and who's at risk to lose in a post pandemic world The COVID 19 outbreak has turned bedrooms into offices pitted young against old and widened the gaps between rich and poor red and blue the mask wearers and the mask haters Some businesses like home exercise company Peloton video conference software maker Zoom and Amazon woke up to find themselves crushed under an avalanche of consumer demand Others like the restaurant travel hospitality and live entertainment industries scrambled to escape obliteration But as New York Times bestselling author Scott Galloway argues the pandemic has not been a change agent so much as an accelerant of trends already well underway In Post Corona he outlines the contours of the crisis and the opportunities that lie ahead Some businesses like the powerful tech monopolies will thrive as a result of the disruption Other industries like higher education will struggle to maintain a value proposition that no longer makes sense when we can't stand shoulder to shoulder And the pandemic has accelerated deeper trends in government and society exposing a widening gap

between our vision of America as a land of opportunity and the troubling realities of our declining wellbeing Combining his signature humor and brash style with sharp business insights and the occasional dose of righteous anger Galloway offers both warning and hope in equal measure As he writes Our commonwealth didn't just happen it was shaped We chose this path no trend is permanent and can't be made worse or corrected

The Identity Trap Yascha Mounk, 2023-09-26 A fascinating account of the intellectual origins of identity politics Financial Times Books of the Year The origins consequences and limitations of an ideology that has quickly become highly influential around the world For much of their history societies have violently oppressed ethnic religious and sexual minorities It is no surprise then that many who passionately believe in social justice have come to believe that members of marginalized groups need to take pride in their identity if they are to resist injustice But over the past decades a healthy appreciation for the culture and heritage of minorities has transformed into an obsession with group identity in all its forms A new ideology which Yascha Mounk terms the identity synthesis seeks to put each citizen s matrix of identities at the heart of social cultural and political life This he argues is The Identity Trap Mounk traces the intellectual origin of these ideas He tells the story of how they were able to win tremendous power over the past decade And he makes a nuanced case why their application to areas from education to public policy is proving to be deeply counterproductive In his passionate plea for

universalism and humanism he argues that the proponents of identitarian ideas will though they may be full of good intentions make it harder to achieve progress towards genuine equality
