## **Microsoft Office Access 2003 In A Snap Alison Balter:**

**Alison Balter's Mastering Microsoft Office Access 2003** Alison Balter, 2004 What Alison's book offers over other books is that she is able to take a highly technical topic and present it in a manner that is easy to comprehend. It is a book that the reader will often want to read from cover to cover, but it can also act as an excellent reference. Readers of this book will learn Access 11 application development and real world solutions to specific development and programming problems. Professional programming techniques backed by concise, no-nonsense explanations of the underlying theories. Debugging and troubleshooting methods to solve problems quickly and get stalled development projects back on track. *Microsoft Office Access 2003 in a Snap* Alison Balter, 2004-08-09 Microsoft Access is a database development and maintenance program, but it can be confusing when trying to learn how to complete the tasks required to create an application. Microsoft Access 2003 In A Snap can quickly show you how to complete a specific task in an easy-to-follow format, complete with illustrated steps. Sections of the book are organized into task categories such as Table Creation, Queries, and Form Design. Intended to keep you focused and on target, this book does not spend time explaining database architecture or application design. If you are the casual Access user or if you use it in your day-to-day work life, this book is a great reference tool. *Alison Balter's Mastering Microsoft Office Access 2007 Development* Alison Balter, 2007-05-31 Microsoft Office 2007 is a major upgrade from the last version of Office Access, and will also be greatly revised. Alison Balter is the name that Access developers will trust to guide them through Access 2007's new features. She has the rare ability to take complex topics and explain them clearly, as shown by the success of her ten previous books on Access. Balter is known for providing real world solutions to specific Access development problems. She also is known for her ability to back up her practical examples with just enough underlying theory to give the reader a good overall understanding of Access. In short, this book will provide beginning and intermediate Access developers with everything that they need to know to design and build Access 2007 applications. It should also appeal to DBAs and power users who want or need to get started building custom Access apps. This latest book in her Mastering Access series will not disappoint her many fans who anxiously await each new version and should win her new fans as well. *Sams Teach Yourself Microsoft Office Access 2003 in 24 Hours* Alison Balter, 2004 Understand how to take database needs and turn them into effective Access databases while gaining a thorough understanding of Access tables, forms, reports, and queries with this definitive handbook. *Integrating Microsoft Office Access 2007 and Microsoft SharePoint Server 2007 (Digital Short Cut)* Alison Balter, 2007-01-16 This is the eBook version of the printed book.
