emigrating to Jamaica What would Burns have done had he actually gone In the last decade of his life as the debate for Abolition grew louder in Scotland to what extent did this campaigning tide of information change his mindset How was Burns used after his death in the fights for Abolition and Emancipation particularly in the USA in its Civil War and its Civil Rights movement Through meticulous research and a compelling narrative Clark McGinn examines Burns connections to the transatlantic slave trade highlighting the paradoxes and moral conflicts during the poet s time He does not shy away from uncomfortable truths presenting a nuanced portrait that challenges readers to reconcile Burns literary genius with the ethical ambiguities of his time Burns and Black Lives is an essential read for those interested in the intersections of literature history and social justice offering a profoundre examination of one of Scotland s most iconic figures J. F. Bosher,2010-04

During the century 1850 1950 Vancouver Island attracted Imperial officers and other Imperials from India the British Isles and elsewhere in the Empire Victoria was the main British port on the north west Pacific Coast for forty years before the city of Vancouver was founded in 1886 to be the coastal terminus of the Canadian Pacific Railway These two coastal cities were historically and geographically different The Island joined Canada in 1871 and thirty five years later the Royal Navy withdrew from Esquimalt but Island communities did not lose their Imperial character until the 1950s P 4 of cover **Ain'thology** Seth Katz,Patricia Donaher,2015-06-18 The word ain t is used by speakers of all dialects and sociolects of English Nonetheless language critics view ain t as marking speakers as lazy or stupid and the educated assume ain t is on its deathbed used only in clich s Everyone has an opinion about ain t Even the grammar checker in Microsoft Word flags every ain t with a red underscore But why Over the past 100 years only a few articles and sections of books have reviewed the history of ain t or discussed it in dialect cont **The Correspondence of Charles Darwin: Volume 24, 1876** Charles Darwin,2016-12-01 This volume is part of the definitive edition of letters written by and to Charles Darwin the most celebrated naturalist of the nineteenth century Notes and appendixes put these fascinating and wide ranging letters in context making the letters accessible to both scholars and general readers Darwin depended on correspondence to collect data from all over the world and to discuss his emerging ideas with scientific colleagues many of whom he never met in person The letters are published chronologically volume 24 includes letters from 1876 the year in which Darwin published Cross and Self Fertilisation in the Vegetable Kingdom and started writing Forms of Flowers In 1876 Darwin s daughter in law Amy died shortly after giving birth to a son Bernard Darwin an event that devastated the family The volume includes a supplement of 182 letters from earlier years including a newly discovered collection of letters from William Darwin Darwin s eldest son **Women Poets in the Victorian Era** Fabienne Moine,2016-03-09 Examining the place of nature in Victorian women s poetry Fabienne Moine explores the work of canonical and long neglected women poets to show the myriad connections between women and nature during the period At the same time she challenges essentialist discourses that assume innate affinities between women and the natural world Rather Moine shows Victorian women poets mobilised these

alliances to defend common interests and express their engagement with social issues While well known poets such as Elizabeth Barrett Browning and Christina Rossetti are well represented in Moine s study she pays particular attention to lesser known writers such as Mary Howitt or Eliza Cook who were popular during their lifetimes or Edith Nesbit whose verse has received scant critical attention so far She also brings to the fore the poetry of many non professional poets Looking to their immediate cultural environments for inspiration these women reconstructed the natural world in poems that raise questions about the validity and the scope of representations of nature ultimately questioning or undermining social practices that mould and often fossilise cultural identities

Forgetful Remembrance Guy Beiner,2018-11-09 Forgetful Remembrance examines the paradoxes of what actually happens when communities persistently endeavour to forget inconvenient events The question of how a society attempts to obscure problematic historical episodes is addressed through a detailed case study grounded in the north eastern counties of the Irish province of Ulster where loyalist and unionist Protestants and in particular Presbyterians repeatedly tried to repress over two centuries discomfiting recollections of participation alongside Catholics in a republican rebellion in 1798 By exploring a rich variety of sources Beiner makes it possible to closely follow the dynamics of social forgetting His particular focus on vernacular historiography rarely noted in official histories reveals the tensions between professed oblivion in public and more subtle rituals of remembrance that facilitated muted traditions of forgetful remembrance which were masked by a local culture of reticence and silencing Throughout Forgetful Remembrance comparative references demonstrate the wider relevance of the study of social forgetting in Northern Ireland to numerous other cases where troublesome memories have been concealed behind a veil of supposed oblivion

The Poetry and the Politics Gregory James,James Gregory,2014-10-10 The nineteenth century was a time of movements political social moral reform causes which drew on the energies of men and women across Britain This book studies radical reform at the margins of early Victorian society focusing on decades of particular social political and technological ferment when foreign and British promoters of extravagant technologically assisted utopias could attract many hundreds of supporters of limited means persuaded to escape grim conditions by emigration to South America when pioneers of vegetarianism joined the ranks of the temperance movement and when working class Chartists reviving a struggle for political reform seemed to threaten the State for a brief moment in April 1848 Through the forgotten figure of James Elmslie Duncan shabby genteel poet and self proclaimed Apostle of the Messiahdom The Poetry and the Politics considers themes including poetry s place in radical culture the response of pantomime to the Chartist challenge to law and order and associations between madness and revolution Duncan became a

promoter of the technological fantasies of John Adolphus Etzler a poet of science who prophesied a future free from drudgery through machinery powered by natural forces Etzler dreamed of crystal palaces Duncan s public freedom was to end dramatically in 1851 just as a real crystal palace opened to an astonished world In addition to Duncan James Gregory also introduces a cast of other poets earnest reformers and agitators such as William Thom the weaver poet of Inverury whose metropolitan feting would end in tragedy John Goodwyn Barmby bearded Pontiffarch of the Communist Church a lunatic Invisible Poet of Cremorne pleasure gardens the hatter from Reading who challenged the feudal restrictions of the Game Laws by tract trespass and stuffed jay birds and foreign exotics such as the German born Conrad Stollmeyer escaping the sinking of an experimental Naval Automaton in Margate to build a fortune as the Asphalt King of Trinidad Combining these figures with the biography of a man whose literary career was eccentric and whose public antics were capitalised upon by critics of Chartist agitation this book is essential reading for anyone interested in radical reform and popular political movements in Victorian Britain **Choice** ,2000 [Sanitary Reform in Victorian Britain, Part I Vol 3](#) Michelle Allen-Emerson,Tina Young Choi,Christopher S Hamlin,2021-12-24 Sanitary reform was one of the great debates of the nineteenth century This reset edition makes available a modern edited collection of rare documents specifically addressing sanitary reform An extensive general introduction sets the material in context and extends the debate to provide a contemporary international perspective **Teaching Laboring-Class British Literature of the Eighteenth and Nineteenth Centuries** Kevin Binfield,William J. material arrangements of print and paper mediate such temporal experiences Chronometres Devotional Literature Duration and Victorian Reading Culture is a study of the time inflected reading practices of religious literature the single largest market for print in Victorian Britain It examines poetic cycles by John Keble Alfred Tennyson Christina Rossetti and Frances Ridley Havergal family prayer manuals Sunday reading books and periodicals and devotional gift books and daily textbooks Designed for diurnal and weekly reading chronometrical literature tuned its readers attentions to the idea of eternity and the everlasting peace of spiritual transcendence but only in so far as it parcelled out reading into discrete increments that resembled the new industrial time scales of factories and railway schedules Chronometres thus takes up print culture affect theory and the religious turn in literary studies in order to explore the intersections between devotional practice and the condition of modernity It argues that what defines Victorian devotional literature is the experience of its time signatures those structures of feeling associated with its reading durations For many Victorians reading devotionally increasingly meant reading in regular portions and often according to the calendar and work day in contrast to the liturgical year Keeping pace with the temporal measures of modernity devotion became a routinized practice a way of synchronizing the interior life of spirit with the exigencies of clock time Chronometres considers how the deliverances afforded through time scaled reading are persistently materialised in the body both that of the book and of the reader Recognizing that literature and devotion are not timeless abstractions it asks how the materiality of books conceived as horological relationships through reading might bring about the felt experience of time Even as Victorian devotion invites us to tarry over the page it also prompts the question what if it is eternity that keeps time with the clock
