Dies zeigt sich unter anderem in den lebenslaufstrukturierenden Bereichen der schulischen und beruflichen Bildung. Im Mittelpunkt der Beiträge stehen die subjektiven Orientierungen und Zukunftsperspektiven von Jugendlichen mit Migrationshintergrund. Die Chancen und Schwierigkeiten sozialer Partizipation werden im Hinblick auf ihre politischen und institutionellen Voraussetzungen untersucht. Dabei werden insbesondere Rassismuserfahrungen und gegenseitige Zuschreibungsprozesse von Jugendlichen unterschiedlicher Herkunft thematisiert. International Perspectives on Inclusion within Society and Education Mabel Ann Brown, 2020-10-01 International Perspectives on Inclusion within Society and Education explores how the theme of inclusion in education and society plays out across different nations and cultures. Covering topics like dual citizenship, political loyalty and migration, it includes important discussions around poverty, educational disadvantage, youth radicalisation and inequality. With perspectives from a wide range of countries including the USA, UK, Finland, Kosovo, Albania, Poland, Lithuania, Latvia, Hungary, the Czech Republic, Slovakia and India, this book explores how issues of inclusion are often decided by a majority for the majority, which can lead to included minorities feeling disadvantaged and paradoxically excluded. While setting up a strong case for inclusion in society and education, it considers factors such as poverty and mental health both nationally and internationally and evaluates the effectiveness of additional financial resources and educational support in creating an inclusive world. This book will be of great interest for academics, researchers and postgraduate students in the fields of comparative education, inclusive education, sociology, political sciences and social work. **Immigrants as outsiders in the two Irelands** Bryan Fanning, Lucy Michael, 2019-08-06 Immigrants as outsiders in the two Irelands examines how a wide range of immigrant groups who settled in the Republic of Ireland and in Northern Ireland since the 1990s are faring today. It asks to what extent might different immigrant communities be understood as outsiders in both jurisdictions. Chapters include analyses of the specific experiences of Polish, Filipino, Muslim, African, Roma, refugee and asylum seeker populations and of the experiences of children as well as analyses of the impacts of education, health, employment, housing, immigration law, asylum policy, the media and the contemporary politics of borders and migration on successful integration. The book is aimed at general readers interested in understanding immigration and social change and at students in areas including sociology, social policy, human geography, politics, law and psychology. **Refugee Migration and Health** Alexander Krämer, Florian Fischer, 2018-12-11 This book focuses on the closely interlinked areas of refugee migration and health. It discusses the main challenges of the recent unprecedented, extremely diverse and mostly unregulated refugee migration wave for Germany and Europe and offers a broader view of refugee health from a European perspective. Health issues can lead to several challenges for refugees as well as healthcare providers and as such the book also examines the requirements for the management of

migrant populations in terms of medical care and health system adaptations and includes theoretical aspects of refugee migration and health as well as various perspectives on the latest developments Lastly it describes the healthcare system demands and responses for short and long term care of refugees
