[Microsoft Dynamics 365 Business Central Field Guide](#)
Erik Hougaard, 2019-08-31
A companion book for implementing Microsoft Dynamics 365 Business Central
Now updated for the 2019 Wave 2 release
Targeted end users super users and administrators this book covers many of the challenges you re faced when implementing a cloud based ERP system From setting up the system and creating the first company to user customizations and integration
Business Central used to be Dynamics NAV and before that Navision
NAV has always been a partner driven application Customers buy the software at a partner and the partner helps with implementation A great model that has worked for over a million users across the globe
Now Business Central is a cloud offering there s no longer an installation You no longer need an IT guy to install it and then a consultant to help you set it up You can do that yourself
Most customers still chose to get the consultant help to make sure you re doing it right and to ensure a great start
This book is written to help customers who venture into Business Central with or without external help
Written to help understand the system and ensure a great experience starting with Business Central
The book is not written to be read from cover to cover Instead it s meant to be a Field Guide A companion book to help you through the implementation
And later when you need information on a specific topic or if you need a bit of inspiration
The documentation from Microsoft is pretty good and I ll provide links for deep dive and background information
Business Central covers a vast area of functionality and the book includes the areas and issues I encounter in my daily work with Business Central
customers I ll add new chapters and details based on my experience and reader feedback
I m using an English language layer on my Business Central throughout this book
If your Business Central is not in English switch temporarily to English in My Settings to more comfortable being able to follow the instructions
If you cannot find the answer you need in the book feel

free to contact me I m always open to suggestions for the next topic
