Concert Tickets Tips Returns:

Return on Ideas David Nichols, 2008-05-23 *Return on Ideas* is a practical guide to getting more from the resources you put into your innovation process David Nichols clearly shows why current innovation funnel models stifle rather than encourage new ideas and offers a new methodology rocketing to tackle the problem The first book to look in detail at innovation as a business driving imperative *Return on Ideas* provides the tools techniques and processes to actually upgrade the way you tackle innovation illustrated with examples from innovative companies such as Yo Sushi Apple Vodafone Unilever P G Danone Amex and Ben Jerry s as well as unconventional sources such as theatre and comedy **The Return of Jazz** Andrew Wright Hurley, 2011-02 Jazz has had a peculiar and fascinating history in Germany The influential but controversial German writer broadcaster and record producer Joachim Ernst Berendt 1922 2000 author of the world s best selling jazz book labored to legitimize jazz in West Germany after its ideological renunciation during the Nazi era German musicians began in a highly productive way to question their all too eager adoption of American culture and how they sought to make valid artistic statements reflecting their identity as Europeans This book explores the significance of some of Berendt s most important writings and record productions Particular attention is given to the Jazz Meets the World encounters that he engineered with musicians from Japan Tunisia Brazil Indonesia and India This proto world music demonstrates how some West Germans went about creating a post nationalist identity after the Third Reich Berendt s powerful role as the West German Jazz Pope is explored as is the groundswell of criticism directed at him in the wake of 1968 **Music for a Mixed Taste** Steven David Zohn, 2015 This first full length study of Telemann s concertos sonatas and suites focuses on his imaginative mixing of styles and genres Special attention is also devoted to the extra musical meanings and humor of his programmatic overture suites his unprecedented self publishing enterprise and the social resonances of his Polish style works **Zoltan Kodaly's World of Music** Anna Dalos, 2020-09-08 Hungarian composer and musician Zolt n Kod ly 1882 1967 is best known for his pedagogical system the Kod ly Method which has been influential in the development of music education around the world Author Anna Dalos considers for the first time in publication Kod ly s career beyond the classroom and provides a comprehensive assessment of his works as a composer A noted collector of Hungarian folk music Kod ly adapted the traditional heritage musics in his own compositions greatly influencing the work of his contemporary B la Bart k Highlighting Kod ly s major music experiences Dalos shows how his musical works were also inspired by Brahms Wagner Debussy Palestrina and Bach Set against the backdrop of various oppressive regimes of twentieth century Europe this study of Kod ly s career also explores decisive extramusical impulses such as his bitter experiences of World War I Kod ly s reception of classical antiquity and his interpretation of the male and female roles in his music Written by the leading Kod ly expert this impressive work of historical and musical insight provides a timely and much needed English language treatment of the twentieth century composer Brookings Papers on Economic Activity: Spring 2009 David H. Romer, Justin

Wolfers,2010-10-01 Brookings Papers on Economic Activity BPEA provides academic and business economists government officials and members of the financial and business communities with timely research on current economic issues Contents Editors Summary The Financial Crisis An Inside View By Phillip Swagel Understanding Inflation Indexed Bond Markets By John Y Campbell Robert J Shiller and Luis M Viceira Do Tax Cuts Starve the Beast The Effect of Tax Changes on Government Spending By Christina D Romer and David H Romer Causes and Consequences of the Oil Shock of 2007 08 By James D Hamilton Why Doesn't Capitalism Flow to Poor Countries By Rafael Di Tella and Robert MacCulloch reviewing a previous edition or volume

Popular Music, Critique and Manic Street Preachers Mathijs Peters,2020-07-29 This book explores the ways in which popular music can criticise political social and economic structures through the lens of alternate rock band Manic Street Preachers Unlike most recent work on popular music Peters concentrates largely on lyrical content to defend the provocative claim that the Welsh band pushes the critical message shaped in their lyrics to the forefront Their music this suggests along with sleeve art body art video clips clothes interviews and performances serves to emphasise this critical message and the primary role played by the band's lyrics Blending the disciplines of popular music studies culture studies and philosophy Peters confronts the ideas of German philosopher and social critic Theodor W Adorno with the entire catalogue of Manic Street Preachers from their 1988 single Suicide Alley to their 2018 album Resistance is Futile Although Adorno argues that popular music is unable to resist the standardising machinery of consumption culture Peters paradoxically uses his ideas to show that Manic Street Preachers releases shape critical models with which to formulate social and political critique This notion of the critical model enables Peters to argue that the catalogue of Manic Street Preachers critically addresses a wide range of themes from totalitarianism to Holocaust representation postmodern temporality to Europeanism and from Nietzsche's ideas about self overcoming to reflections on digimodernism and post truth politics The book therefore persuasively shows that Manic Street Preacher lyrics constitute an intertextual network of links between diverse cultural and political phenomena encouraging listeners to critically reflect on the structures that shape our lives

Financial Innovation Michael Haliassos,2013 Prominent economists consider the role of financial innovation in economic crises

The Manual of Ideas John Mihaljevic,2025-08-25 Idea generation for value oriented investing from the top names in finance The Manual of Ideas is the indispensable resource top investment firms like Berkshire Hathaway rely on for cutting edge research and investment ideas As the definitive source for value investing opportunities this book takes you inside the minds of the world's top money managers to learn how they generate the bright ideas that lead to big profits This new second edition includes insights from more than 100 exclusive interviews with leading fund managers to give you access to the thought processes of super value investors including Warren Buffett Tom Gayner and Joel Greenblatt Real life case studies bring each approach to life revealing key lessons along the way and new tables and charts illuminate important concepts to provide a quicker easier read Successful investing begins with idea generation Following the crowd will only get

Wong,2014-06-17 A comprehensive in depth look at global debt capital markets in the post crisis world Fully updated with comprehensive coverage of the post crisis debt markets and their impact on key industry issues *Fixed Income Markets Management Trading and Hedging Second Edition* offers insights into derivative pricing cross currency hedging and new liquidity legislation Written by Choudhry Moskovic and Wong *Fixed Income Markets* is an indispensable read for anyone working in bond markets interest rate markets and credit derivatives markets looking to better understand today s debt markets This acclaimed book takes a unique look into the leading practices in bond markets as well as post credit crunch impacts on pricing that are rarely captured in textbooks The new edition provides expanded coverage on a wide range of topics within hedging derivatives bonds rebalancing and global debt capital markets New topics include Dynamic hedging practices and cross currency hedging Collateralized and uncollateralized derivatives and their impact on valuation Callable bonds pricing trading and regulatory aspects related to liquidity Rebalancing as a method for capturing contingencies and other complex imbedded risks As a bonus the book includes reference information for statistical concepts and fixed income pricing as well as a full glossary and index Written in Choudhry s usual accessible style *Fixed Income Markets* is a comprehensive and in depth account of the global debt capital markets in today s post crisis world *Music and Leadership* David M. Toledo,2025-07-11 *Music and Leadership The Nature and Role of Aesthetics in Orchestrating Successful Organizations* explores how music can offer fresh insight into the practice of leadership Moving beyond traditional models focused solely on strategy and systems the book argues that leadership is also a performative and aesthetic act It requires timing emotional awareness and the ability to shape meaning Drawing on influential works of Western classical music by Bach Beethoven and Stravinsky this book demonstrates how great composers model distinct leadership approaches in moments of cultural change The book pairs these musical case studies with well known modern leaders such as Steve Jobs Leonard Bernstein and Condoleezza Rice who illustrate how aesthetic habits can shape public influence and organizational success At the heart of the book is the Orchestrating Success Framework which translates core musical concepts such as motif harmony rhythm and silence into practical leadership tools Accessible to readers in business education and the arts this book bridges the humanities and leadership studies in a compelling and original way With its interdisciplinary approach and

clear applications Music and Leadership is both a challenge and an invitation to lead not just with plans and metrics but also with artistry presence and imagination

Images and Ideas in Modern French Piano Music Siglind Bruhn,1997 In our visually oriented society music appears to stand apart from other arts Yet just as a poet can write a poem whose focus is a painting so musicians have composed scores based on poems paintings and other non musical art forms In instrumental music such reinterpretations are especially intriguing as the verbal or visual stimulus does not appear in performance but is rendered in musical form In this study Siglind Bruhn investigates how three French composers of the twentieth century Claude Debussy Maurice Ravel and Olivier Messiaen express extra musical subtexts in their piano works She shows how the relation between the subtexts and the musical works can be broadly catagorized in terms of pictoriality and interiority In all cases Bruhn analyzes each musical piece and each source text in its entirety and in depth drawing on her broad background in both literary and musical interpretation of the twentieth century For pianists who seek to better understand an individual work for scholars in the growing field of musical hermeneutics and for lovers of music in general this volume explores and makes explicit connections between music and other arts

Music in the Horror Film Neil Lerner,2009-12-16 Collects the essays that examine the effects of music and its ability to provoke or intensify fear in the genre of horror film address the presence of music in horror films and their potency within them and delve into the films like The Exorcist The Shining The Sixth Sense Carnival of Souls and The Last House on the Left

Music for More than One Piano Maurice Hinson,2001-07-09 Now in paperback Music for More than One Piano An Annotated Guide Maurice Hinson When one piano is simply not enough Maurice Hinson s Music for More than One Piano ought not only to stand in the bookshelf for reference but as a true dictionary in the best sense it should mainly be read for pleasure and enlightenment Konrad Wolff In an alphabetic listing by composer this guide describes works for two or more keyboard instruments composed mainly since 1700 The range of combinations is considerable works for two three four or more pianos for two or more pianos with other instruments voice or tape for piano and harpsichord for two player pianos and for two pianos tuned a quarter tone apart There are compositions to be performed on two pianos by one two three and four players as well as one work for two players two left hands Maurice Hinson s remarks about the style the performance problems and the history of specific pieces are as ever insightful and delightful A treasure map for teachers students and performers Maurice Hinson Senior Professor Emeritus of Piano at the Southern Baptist Theological Seminary was founding editor of the Journal of the American Liszt Society and is a contributor to the New Grove Dictionary of American Music He is known for his many articles videos and lecture recitals especially those on early American piano music He is author of several books on piano literature including the indispensable Guide to the Pianist s Repertoire 3rd edition Indiana University Press March 2001 cloth 1983 256 pages 6 1 8 x 9 1 4paper 0 253 21457 2 22 95 s 17 50

Sound Advice Jean Ashworth Bartle,2003-03-06 Sound Advice is a valuable resource for college students beginning teachers and experienced conductors of children s choirs It covers the vast array of

skills needed by today's conductor and will benefit all choir directors who want their choirs to reach a higher level of artistry. This book will be useful on many levels for the college student studying the child voice and elementary teaching methods for the teacher beginning to direct choirs in schools, synagogues, churches, and communities for experienced children's choir directors who wish to know more about orchestral repertoire for treble voices, conducting an orchestra, and preparing a children's choir to sing a major work with a professional orchestra. The underlying educational philosophy is sound; the author sees development of musicianship through singing as the primary goal of a children's choir program. This philosophy differs dramatically from the traditional concept of the conductor as all-knowing and the singers as receptacles. An outstanding aspect of the book is how the author leads the reader to an understanding of how to teach musicianship. Developing literacy in the choral setting is a mysterious, amorphous process to many conductors, but the author clearly outlines this important process with practical suggestions, well-documented examples, and a clear reading style which will reach readers on many levels. The comprehensive repertoire, skill-building sheets, and programs for all types of children's choirs will provide teachers with immediate and highly valuable resources.

Developments in the Economics of Aging David A. Wise, 2009-08-01
The number of Americans eligible to receive Social Security benefits will increase from forty-five million to nearly eighty million in the next twenty years. Retirement systems must therefore adapt to meet the demands of the largest aging population in our nation's history. In *Developments in the Economics of Aging*, David A. Wise and a distinguished group of analysts examine the economic issues that will confront policy makers as they seek to design policies to protect the economic and physical health of these older Americans. The volume looks at such topics as factors influencing work and retirement decisions at older ages, changes in life satisfaction associated with retirement, and the shift in responsibility for managing retirement assets from professional money managers of traditional pension plans to individual account holders of 401(k)s. *Developments in the Economics of Aging* also addresses the complicated relationship between health and economic status, including why health behaviors vary across populations and how socioeconomic measures correlate with health outcomes.

Alternative Ideas from 10 (Almost) Forgotten Economists Irene van Staveren, 2021-01-18
How should we address today's big problems and what we can take from icons of economics past? How would John Maynard Keynes have resolved today's debt problem, or how would Adam Smith have assessed the European carbon emission trading market? This book applies the ideas of ten renowned economists: Marx, Minsky, Keynes, Knight, Bergmann, Veblen, Sen, Myrdal, Smith, Robinson, to real-world economic problems directly or indirectly related to the causes and consequences of the 2008 financial crisis. Each chapter presents an economist and structures the problem, the insight, the economist's idea, the economist's short bio, and two practices offering real-world alternatives. This book presents a lively and original approach that will be of interest to economists and non-economists alike, discussing key elements of an economics for a postcapitalist economy and connecting policy insights to real-world problems of today.

The Standard Oratorios: Their Stories, Their Music, And Their

Composers George P. Upton, 2019-12-04 In *The Standard Oratorios Their Stories Their Music And Their Composers* George P. Upton presents a meticulous exploration of the world of oratorios weaving together vivid narratives musical analysis and biographical sketches of quintessential composers This scholarly text not only dissects the thematic and structural components of celebrated works but it also situates these masterpieces within their historical contexts revealing the social and religious influences that shaped their creation Upton s engaging prose transcends mere academic examination making complex musical concepts accessible to a broad readership while retaining the rigor expected of serious musicological study George P. Upton an esteemed musicologist and critic of the late 19th century was deeply embedded in the cultural milieu of his time His extensive knowledge of music history and his experiences as a pianist and composer allowed him to provide insightful commentary on the oratorio genre Upton s works often highlight the intersection of narrative and musical form reflecting his belief in the power of music to convey profound emotional truths This book is a vital resource for students musicians and enthusiasts alike offering a comprehensive guide to understanding oratorios through Upton s lens Whether you are new to this genre or seeking to deepen your appreciation of its richness Upton s book serves as an essential companion in your musical journey
