

Disney+

The image features the Disney+ logo in a stylized, white, handwritten font. The logo is centered within a dark blue rectangular frame that has rounded corners and a glowing blue border. A white arc is positioned above the 'i' in Disney, resembling a stylized 'D' or a protective shield. The entire logo is set against a dark blue background with a subtle gradient.

The Cultural Legacy of Disney Robyn Muir, Emily Aguiló-Pérez, Hannah Helm, Rebecca Rowe, 2024-08-06 This book critically engages with the Walt Disney Company as a global media conglomerate as they mark their 100th year of business. It reflects on and looks forward to the past, present and future of the company and the scholarly engagement surrounding it through three key areas: Disney as a Company, Disney's Representations and Relating to Disney. Disney as a Company identifies the corporate and management cultural changes over Disney's 100 year history with contributors examining Disney's transnational media influence, changes in management strategy and Disney's recent transmedia venture. Disney's Representations features chapters critically engaging with gender, disability and iconic characters that imply cultural change. Relating to Disney embodies the crucial work examining how audiences engage with Disney with contributors exploring fashion, Disney Fandom and identity and how people engage with the space of the Parks. This edited collection explores the newer additions to the company but also reflects on the company's past over its 100 years. The chapters provide a diverse examination of the many facets of one of the most successful global media conglomerates, providing scholars, students and interested audiences a global and interdisciplinary snapshot of the Walt Disney Company at 100 years. **Forgotten Disney**

Kathy Merlock Jackson, Carl H. Sederholm, Mark I. West, 2023-06-19 This work demonstrates that not everything that Disney touched turned to gold. In its first 100 years, the company had major successes that transformed filmmaking and culture, but it also had its share of unfinished projects, unmet expectations and box office misses. Some works failed but nevertheless led to other more stunning and lucrative ones. Others shed light on periods when the Disney Company was struggling to establish or re-establish its brand. In addition, many Disney properties popular in their time but lost to modern audiences emerge as forgotten gems. By exploring the studio's missteps, this book provides a more complex portrayal of the history of the company than one would gain from a simple recounting of its many hits. With essays by writers from across the globe, it also asserts that what endures or is forgotten varies from person to person, place to place or generation to generation. What one dismisses, someone else recalls with deep fondness as a magical Disney memory. **Disney's Animated Classics**

Stephen Röttsch Thomas, 2025-12-30 Which Disney character is responsible for the most onscreen deaths? What are the entry requirements for becoming a Disney Princess? Why is Jiminy Cricket always breaking into people's homes? In Disney's Animated Classics, Stephen Röttsch Thomas explores the iconic features from the studio's first 100 years, from Snow White to Wish. A love letter to storytelling and collaboration, each chapter takes readers behind the scenes of a different movie, uncovering the hidden secrets, creative geniuses and surprising connections that will enthral die-hard Disney fans and casual viewers alike. Disney's Animated Classics examines how the studio's films have shaped and been shaped by the world around them and how they have attempted to reflect a changing culture. From the studio's representation of race and sexuality to its fluctuating creative fortunes through the decades, Röttsch Thomas offers an unflinchingly funny history of one of the biggest icons in cinema.
