synchronizes your energy levels with your training effort Instead of fighting your body to finish a workout just because it s
written on the calendar choose the most effective workout from 5K and 10K Training based on your body s capacity to
perform at any given time Effort based training maximizes training adaptation by matching the goal of each workout with its
optimal training level hard when energy is high and recovery is adequate and easy when energy is low and you re under
physical stress Effort based training also gives you the most control over the training process allowing you to stay injury free
while actually increasing the energy you have available for workouts Sample programs contain a variety of schedules and
detailed workouts for developing five race specific abilities Run stronger and faster with more energy by using the proven
system in 5K and 10K Training With customizable programs to choose from and accompanying training logs you can use to
record and evaluate your progress this unique system is the fastest way to reach your training goals **Live Smart** Tina
